This information is not the opinion of Staff and should not be viewed as such.

I just heard that Columbia Gas is requesting an increase in delivery charges. That is RIDICULOUS and UNACCEPTABLE. The charges are already fixed at many times the amount of gas actually being used. For example, my usage was \$19 in January, but my bill is \$225 because of \$160 is delivery and a ton of other fees. They don't need more fees racked on top of all this. They literally control all of the heat for millions of people - THEY DON'T NEED MORE MONEY TO DO THIS. If they do, get some competition for them, not a fucking handout.
