The Oak Run solar project is expected to bring significant tax revenue to Madison County, potentially boosting the local economy. This tax revenue could help fund important projects, Enter your such as road repairs, public safety initiatives, and education question or programs. The influx of tax dollars could also help attract new comment businesses and residents to the area, further fueling economic growth. It is very important that we bring this project to our county- please support it! 22-0549-EL-BGN
