While I get that change can be different, the benefits are too important to decline a solar project. I am proud to support Oak Run because the project will be an important piece in having record funding for our school systems. After a dreadful pandemic that limited our abilities to ensure quality education in a classroom, we want to make sure we have more than enough resources to ensure moving forward our education is world class. Please support the millions of dollars that would go to our schools from the Oak Run Project. 22-0549-EL-BGN</p>
