Docketing Case Number:	23-0045EL-BGN
Project Name:	Clear Mountain Energy Center LLC
Enter your Comment or Complaint:	As a person with a residence on SharpsCutoff rd, we do not want this solar project approved. Solar fields that are a county away are not even operable nor are they appealing. Having a solar field near our home will devalue our property. The company that is wanting to put this solar field in is working with an electric company that is not even the company that services the homes on the street. We would all have to switch companies and pay higher rates. The residents do not want that nor do they want to promote anything about this project. Honestly this company needs to just leave the farmland alone. This project will disrupt the land, cause drainage issues for the current residents and affect the wildlife. Plain and Simple we do not want this in our backyards or surrounding area. I really
