Enter your question or comment	London is a great place to invest in long-term projects. As a resident of London, I have seen the great things that it has to offer but with even more funding we can be a place where everyone wants to call home. When we have a project that will support First Responders with an additional \$543,000 a year, we should have no objections especially when it is on private property and at NO COST to the county. Please support Oak Run! It truly will help take care of our residents to the best of our abilities! 22-0549-EL-BGN
