<b>Enter your Comment or Complaint:</b>	<p>I'd like to voice my support for Oak Run Solar Project, a great local economic development opportunity in Madison County. When a private sector industry is willing to step up and make such an important investment in our community, we need to seize the opportunity. I believe projects like this one are needed to keep Madison County's economy moving; we should welcome the local jobs, property tax revenue, and other benefits it will provide. We're not talking about small sums of money here. These numbers are impressive: \$7.2 million per year and \$252 million over the expected 35-year operating life of the project.</p>

The numbers speak for themselves, and I think I can speak for Madison County residents who would benefit when I say, "we want this."
