Project Name:	Oak Run Solar Project
Enter your Comment or Complaint:	I'd like to comment that I think Oak Run Solar Project should move forward. It benefits all of us. We all live here, work here, and use the same infrastructure and public services that this would help fund. I also think the jobs it'll create will show the next generation more potential career opportunities. I know that the trades are building new training facilities for the exact kinds of jobs that this project will create. It would be excellent to have the kids who grow up in this community benefit from the tax revenue to the schools and then be able to go to work building a project right here at home. Those jobs pay well, and a person

can start right out of high school. Having those jobs based in Madison County would be a great thing for this community. I think this project will be good for our area. Local residents and visitors alike will appreciate the enhancement of local services and improvement of local infrastructure that results from the project. Folks will come through and see a really nice community to live and work in. New businesses will be attracted to the area. Families will be more likely to stay here. This project is a win-win.
