Good afternoon,

I manage the certification of renewable generating facilities for participation in Ohio's RPS program. It appears that on 2/22/20, we certified a 5 MW facility named Minster MINMUN02, LLC, with a projected online date of 5/30/20. In looking at other solar development in Minster, OH, it is unclear to us whether or not this facility was constructed and is in-service? Can you please confirm?

If the facility is not constructed/in-service, we recommend revoking the certificate number 20-SPV-OH-GATS-0046 issued to the facility. Please see PUCO docket number [19-2109-EL-REN](#) for reference.

Thank you,

Kristin
