DIRECT TESTIMONY OF

L. Jay Welsh

On behalf of

Jackson Township

March 30, 2023

1 1. Q. Please state your name and address.

2 A My name is L. Jay Welsh, my address is, 4745 Anderson Road, Circleville, Ohio
3 43113.

4 2. Q Are you affiliated with Jackson Township, Pickaway County Ohio

5 A Yes, I am a Township Trustee. I have been a Jackson Township Trustee for 17
6 years.

7 3. Q What is your purpose for testifying in this proceeding?

8 A I am testifying as the voice of Jackson Township. We have heard from our
9 constituents of Jackson Township through phone calls, letters and public meetings
10 that were properly publicized in the local newspaper to listen to their many
11 concerns about the Circleville Solar Project in Jackson Township. After listening
12 to our residents, we were compelled to protect the valuable crop land which the
13 township has tried to preserve for years thru zoning (ATTACHED EXHIBIT A)
14 to keep our rich multigenerational farm community intact.

15 As a township we are concerned about the very constituents that put us all
16 in office. We have listened and heard what they don't want in their community.

17 It was rather apparent after the 1st public meeting at our Township Community
18 Center that the residents of our township, as well as some surrounding townships,
19 felt about the possibility of a solar industrial field being interested in our area.
20 There was no one in attendance that spoke favorably about the possible addition
21 of industrial solar fields on our area, of course other than the "salesmen" of the
22 solar fields.

1 New and old residents were very concerned about the ruralness being
2 negatively impacted by solar companies. Most newer homes that have been built
3 in the last two or three decades have bought a housing lot because of the quiet,
4 rural setting that is present in Jackson Township. Solar fields will dramatically
5 affect that, agriculture is “King” in Jackson Township.

6 The roads in our township will be negatively impacted with the
7 encroachment of solar fields, a huge concern that was repeatedly brought up. Our
8 constituents also were very concerned about the negative impact on housing and
9 property values. Some have said they would sell and move if the solar project
10 was approved. The aesthetics of our community and township will forever be
11 changed. The removal of the topsoil, which is very important now and in the
12 future. There are too many unforeseen for the Township and its residents.

13 Construction of the solar fields were repeatedly brought up. We all
14 watched the solar fields being built just south of us, and we were truly stunned by
15 the process. Unbelievable... The quality of life, in our serene farming community
16 will absolutely be compromised. I can certainly see their points of view and have
17 definitely heard and saw their desperation of this matter. Water shed issues were
18 brought up, field tile breakage, our wildlife safety issues.

19 A resolution was passed to oppose Circleville Solar in our township
20 (ATTACHED EXHIBIT B) just as it was in Pickaway County Commissioner’s
21 Office.

1 In closing, I am supported by the Jackson Township Board of Trustees
2 representing our constituents. Public meetings were held to hear the opinions of our
3 constituents in Jackson Township about the Circleville Solar project. It was clear that
4 they did not support the project in the Township for a multitude of reasons. The 1st time
5 in 17 years of meetings, that after the passage of our Townships resolution of opposition,
6 we as a board received a standing ovation!!! They were so relieved that we were in their
7 corner!!!

8 They oppose the development of this Circleville Solar Project and so does
9 the Board of Trustees of Jackson Township.

10 I personally, am not opposed to green renewable energy, but after listening
11 to the residents in our area, and attending many informational meetings, and
12 gathering printed information on solar fields, I absolutely, don't see the wisdom in
13 taking away prime agricultural acreage for anything other than food production.

14 "Know Farms"

15 Know Food...

16 "No Farms"

17 No Food... It truly is that simple.

18 Our planets population is around 8.5 billion people, and it is estimated that by
19 around 2037, we will be at approximately 9 billion people.

20 They aren't making anymore farm ground...

21 If you ate anything today... THANK A FARMER!!!

1 We must consider our future generations!

2 4. Q. Does this conclude your testimony?

3 A. Yes, however, I reserve the right to update my testimony to respond to any further
4 testimony, reports, and/or evidence submitted in this case.

It is further the intent of this Resolution that the powers of the Board of Township Trustees in connection with this Resolution shall not include hearing and deciding questions of interpretation and enforcement that may arise. The Board of Township Trustees shall not have the authority to override the decisions of the Board of Zoning Appeals and/or the Building and Zoning Inspector on matters of appeal or variance. Nonetheless, nothing in this Resolution shall be interpreted to prevent any official of the Township from appealing a decision of the Board of Zoning Appeals to the courts pursuant to Chapters 2505 and 2506 of the Ohio Revised Code. Such appeal shall be made within ten (10) days of the Board's written decision.

ENFORCEMENT AND PENALTY

Section 4.01 Zoning Certificate Required

It shall be unlawful for any owner or other person to use or to permit the use of any non-agricultural structure, building or land, or part thereof, hereafter constructed, created, erected, changed, structurally altered, converted or enlarged until a zoning certificate shall have been issued by the Zoning Inspector. Such zoning certificate shall show that such building or premises or a part thereof, and the property use thereof, are in conformity with the provisions of this Resolution. No such certificate shall be issued by the Zoning Inspector until the requirements of this Resolution have been met.

A zoning certificate is required for any of the following subject to the limitations of section 519.211 of the Ohio Revised Code:

- A. Construction, structural alteration or enlargement of any non-agricultural building or structure, including accessory buildings.
- B. Change in use of an existing building or accessory building, except agricultural uses, to a use not listed as a permitted use in the zoning district where the building is located.
- C. Occupancy and use, excepting agricultural use, of vacant land.
- D. Change in the use of land to a use not listed as a permitted use in the zoning district where the land is located.
- E. Any alteration, expansion or other change of a lawful nonconforming use as regulated by Article V.

Section 4.02 Application for Zoning Certificate

Three (3) copies of an application for a zoning certificate shall be signed by the owner or applicant attesting to the truth and exactness of all information supplied on the application. At a minimum, the application shall contain the following information:

- A. Name, address, and telephone number of the applicant.
- B. Legal description of property, as recorded in Pickaway County Recorder's office.
- C. Existing use.
- D. Proposed use.
- E. Zoning district in which property is presently located.
- F. Plans in triplicate drawn to approximate scale, showing the actual dimensions and shape of the lot to be built upon; the exact dimensions and location of existing buildings of the lot, if any; and the location and dimensions of the proposed building(s) or alteration.
- G. Height of proposed buildings.

- H. Number of proposed dwelling units.
- I. An approval by the Pickaway County Health Department of the proposed method of water supply and for disposal of sanitary wastes prior to approval by the Zoning Inspector.
- J. Such other material and information as may be requested by the Zoning Inspector to determine conformance with, and provide for the enforcement of this Resolution.

Where complete and accurate information is not readily available from existing records, the Zoning Inspector may require the applicant to furnish a survey of the lot by a registered surveyor. In particular cases, the Zoning Inspector may reduce the submittal requirements for an application, when the proposed action warrants.

Section 4.03 Approval of Zoning Certificates

Within thirty (30) days after the receipt, the application shall be either approved or disapproved by the Zoning Inspector, in conformance with the provisions of this Resolution, unless the provisions of Section 4.04 are applicable. Zoning certificates issued on the basis of plans and applications approved by the Zoning Inspector shall authorize only the use and arrangement as set forth in such approved application. All zoning certificates shall be conditional upon the commencement of work within one (1) year. One (1) copy of the application shall be returned to the applicant by the Zoning Inspector, after such copy is marked as either approved or disapproved and attested to same by the signature of the Zoning Inspector, or his/her designated agent on such copy. In the case of disapproval, the Zoning Inspector shall state on the returned plans the specific reasons for disapproval. Two (2) copies of applications, certificates and/or plans, similarly marked, shall be retained by the Zoning Inspector. One (1) copy so retained by the Zoning Inspector shall be forwarded to the County Auditor upon issuance of a certificate of zoning compliance, and one (1) copy shall be kept in the Township permanent files.

Section 4.04 Submission to the Director of the Department of Transportation

Before any zoning certificate is issued affecting any land within 300 feet of the centerline of a proposed new highway or a highway for which changes are proposed as described in the certification to local officials by the Director of the Department of Transportation, or any land within a radius of 500 feet from the point of intersection of said centerline with any public road or highway, the Zoning Inspector shall give notice, by registered or certified mail to the Director of the Department of Transportation. The Zoning Inspector shall not issue a zoning certificate for 120 days from the date the notice is delivered to the Director of the Department of Transportation. If the Director of the Department of Transportation notifies the Zoning Inspector that he shall proceed to acquire the land needed, then the Zoning Inspector shall refuse to issue the Zoning Certificate. If the Director of the Department of Transportation notifies the Zoning Inspector that acquisition at this time is not in the public interest, or if notification of action is not received by the Zoning Inspector, the Zoning

Inspector shall, if the application is in conformance with all provision of this Resolution, issue the zoning certificate.

Section 4.05 Record of Zoning Certificates

A record of all zoning certificates shall be kept on file in the Office of the Zoning Inspector, or his/her designated agent, and in the Township permanent files. Copies shall be made available upon request to any person so requesting.

Section 4.06 Expiration of Zoning Certificates

If the work described in any zoning certificate has not begun within one (1) year from the date of issuance thereof, or has not been completed within two (2) years from the date of issuance thereof, said certificate shall expire; it shall be revoked by the Zoning Inspector, and written notice thereof shall be given to the persons affected, together with notice that further work as described in the expired permit shall not proceed unless and until a new zoning certificate has been obtained or extension granted by the Board of Zoning Appeals.

Section 4.07 Certificate of Zoning Compliance

It shall be unlawful to use or occupy, or permit the use or occupancy of any building or premises hereafter created, erected, changed, converted, or wholly or partly altered or enlarged in its use or structure until a certificate of zoning compliance shall have been issued therefore by the Zoning Inspector, stating that the proposed use of the building or land, as completed, conforms to the requirements of this Resolution. Such certificate of zoning compliance may be processed as an indication of final approval on the zoning certificate

Section 4.08 Schedule of Fees, Charges and Expenses

The Board of Township Trustees shall establish, by separate Resolution, a schedule of fees, charges, and expenses and a collection procedure for zoning permits, certificates of zoning compliance, appeals, and other matters pertaining to this Resolution. The schedule of fees shall be posted in the Township Offices, and may be altered or amended only by the Board of Township Trustees. Until all applicable fees, charges, and expenses have been paid in full, no action shall be taken on any application.

Section 4.09 Void Zoning Certificate

A zoning certificate shall be void if any of the following conditions exist:

- A. The zoning certificate was issued contrary to the provisions of this Resolution by the Zoning Inspector.
- B. The zoning certificate was issued based upon a false statement by the applicant.
- C. The zoning certificate has been assigned or transferred.

When a zoning certificate has been declared void for any of the above reasons by the Board of Zoning Appeals pursuant to this Resolution, written notice of its revocation shall be given by certified mail to applicant, and sent to the address as it appears on the application. Such notices shall also include a statement that all work upon or use of the building, structure, or land cease unless, and until, a new zoning certificate has been issued.

Section 4.10 Violation and Penalty

4.10.01 Construction and Use to be as Provided in Applications, Plans, Permits, and Certificates

Zoning certificates or certificates of occupancy issued on the basis of plans and applications approved by the Zoning Inspector authorize only the use, and arrangement set forth in such approved plans and applications or amendments thereto. Any use, arrangement, or construction not in conformance with that authorized shall be deemed a violation of this Resolution, and punishable as provided in Section 4.10.03.

4.10.02 Complaints Regarding Violations

Whenever a violation of this Resolution occurs, or is alleged to have occurred, any person may file a written complaint. Such complaint shall state fully the causes and basis thereof, and shall be filed with the Zoning Inspector. The Zoning Inspector shall record properly such complaint, immediately investigate, and take such appropriate action thereon as may be necessary and provided for by this Resolution.

4.10.03 Penalties for Violation

Violation of the provisions of this Resolution or failure to comply with any of its requirements (including violations of conditions and safeguards established in various sections of this Resolution) shall constitute a misdemeanor. Any person who violates this Resolution or fails to comply with any of its requirements shall upon conviction thereof be fined not more than \$100 and in addition shall pay all costs and expenses involved in the case. Each day such violation continues, after receipt of violation notice, shall be considered a separate offense. The owner or tenant of any building, structure, premises, or part thereof, and any architect, builder, contractor, agent, or other person who commits, participates in, assists in, or maintains such violation may each be found guilty of a separate offense and suffer the penalties herein provided. Nothing herein contained shall prevent the Township, the County Prosecutor, or any adjacent property owner from taking such other lawful action as is necessary to prevent or remedy any violations.

ARTICLE V

NONCONFORMING USES

Section 5.01 Intent

Within the districts established by this Resolution, or amendments hereinafter adopted, there may exist lots, structures, uses of land and structures which were lawful before this Resolution was passed or amended, but which would be prohibited, regulated or restricted under the terms of this Resolution or future amendments. It is the intent of this Resolution to permit these nonconformities to continue until they are removed and to permit reasonable extensions as allowed by law, but not to encourage their survival.

Section 5.02 When Permitted

5.02.01 Existing Land or Buildings

Any use of land or buildings existing on the effective date of this Resolution may be continued, even though such use does not conform to the provisions herein, so long as such use was in conformity with the zoning resolution in effect in the Township at the time that the use or structure was established. No nonconforming building, structure, or use shall be moved, extended, enlarged, reconstructed, or structurally altered, except as specifically provided in this Resolution.

5.02.02 Construction Commenced

Any property purchased or acquired in good faith for any nonconforming use prior to the adoption of this Resolution, upon which property the work of changing, remodeling or construction of such nonconforming use has been legally commenced at the time of adoption of this Resolution, may be used for the nonconforming use for which such changing, remodeling or construction was undertaken, provided that such work is completed within two (2) years from the date of adoption of this Resolution or amendment thereto making said use nonconforming.

Section 5.03 Discontinuance

A nonconforming use which has been discontinued or abandoned shall not thereafter be returned to a nonconforming use. A nonconforming use shall be considered abandoned whenever any one of the following conditions exist:

- A. When the use has been voluntarily discontinued for a period of two (2) years.
- B. When the nonconforming use has been replaced by a conforming use.

Section 5.04 Substitution

The Board of Zoning Appeals may allow the nonconforming use of a building or structure to be changed to another nonconforming use of the same or of a more restricted classification. However, in any residential district, no change shall be authorized by the Board of Zoning Appeals to any use which is not a permitted or conditional use in any "R" District.

Section 5.05 Extension

No nonconforming use shall be enlarged, extended, reconstructed, or structurally altered, except as follows:

- A. The Board of Zoning Appeals may permit, on a once-only basis, a building containing a nonconforming use to be enlarged to an extent not exceeding fifty percent (50%) of the ground floor area of the existing building or structure devoted to a nonconforming use at the time of enactment of this Resolution or at the time of its amendment making the use nonconforming. The Board shall not authorize an extension which would result in a violation of provisions of this Resolution with respect to any adjoining premises, or which would occupy ground space required for meeting the yard or other requirements of this Resolution.
- B. No nonconforming building or structure shall be moved in whole or in part to any other location unless such building or structure and the yard and other open spaces provided are made to conform to all of the regulations of the district in which such building or structure is to be located.
- C. Any residential structure which is nonconforming due to the fact of its being in a non-residential zoning district may be enlarged, extended, reconstructed or structurally altered provided it meets the requirements of the adjacent or most proximate R-District.

Section 5.06 Damage and/or Destruction of a Nonconforming Building or Use

When a building or structure, the use of which does not conform to the provisions of this Resolution, is damaged by fire, explosion, act of God, or the public enemy, it may be restored or rebuilt and continued in such nonconforming use, provided that the restoration or rebuilding is commenced within six (6) months of the time of damage, that construction is completed within twenty-four (24) months, and that such restoration or rebuilding would not extend or expand the existing use beyond the parameters specified in Section 5.05.

Section 5.07 Maintenance and Repair

Nothing in this Article shall be deemed to prevent normal maintenance and repair of a building or structure containing a nonconforming use. Structural

alterations may be made to a building or structure containing a nonconforming use as follows:

- A. when required by law.
- B. to convert to a conforming use.
- C. to improve interior livability. However, no structural alterations shall be made which exceed the area or height requirements or which would extend into any yard required in the district in which such building is located.

Section 5.08 Nonconforming Lots of Record

In any district where dwellings are permitted, one (1) single-family detached dwelling may be erected on any lot of official record on the effective date of this Resolution, even though such lot does not meet the development standards of the district in which it is located, provided such lot receives the approval of the Pickaway County Board of Health, and further provided that the owner of such lot does not own adjacent property and did not own such property at the time this Resolution became effective.

If the owner(s) of such lot owns adjacent property, or owned such property at the time this Resolution became effective, then the owner(s) shall redivide such property to provide for the lot area and width requirements of the district in which the lot is located. However, if the width of the lots resulting from such redivision would exceed the required lot width in the district by more than twenty percent (20%), such redivision may be made so as to provide one (1) more lot than would otherwise be permitted.

ARTICLE VI

DISTRICT CHANGES AND AMENDMENTS

Section 6.01 Intent

This Article describes the procedures to be followed for amendment of the Zoning Resolution. If and to the extent that the provisions of this Article are inconsistent with the provisions of Section 519.12 of the Ohio Revised Code, as may be subsequently amended, the provisions of the Ohio Revised Code shall govern.

The requirement for addresses may be waived when more than ten (10) parcels are proposed to be rezoned.
- G. A statement as to how the proposed amendment will impact adjacent and proximate properties.

If the application is incomplete, the Zoning Inspector shall return it to the applicant with a listing of deficiencies.

Section 6.04 Submission to County Planning Commission

Within five (5) days after the adoption of a motion by the Commission, transmittal of a resolution by the Board of Township Trustees, or the filing of an application pursuant to Section 6.03 above, the Zoning Commission shall transmit a copy of such motion, resolution or application, together with the text and map pertaining to the case in question, to the Pickaway County Planning Commission. The Pickaway County Planning Commission may recommend the approval or denial of the proposed amendment, or some modification thereof, and shall submit such recommendation to the Township Zoning Commission. Such notices shall be mailed to the addresses of the owners appearing on the Pickaway County Auditor's current tax list, as provided by the applicant in Section 6.03 (F) above. The failure to deliver such notices shall not invalidate any such amendment. The notices shall contain the same information as required of notices published in newspapers as specified in Section 6.05.02 above.

Section 6.06 Recommendation by Zoning Commission

Within thirty (30) days after the hearing required in Section 6.05 above, the Zoning Commission shall recommend to the Board of Township Trustees that the amendment be granted as requested, or it may recommend a modification of the amendment requested, or it may recommend that the amendment be denied.

No amendment for which such referendum vote has been requested shall be put into effect unless a majority of the votes cast on the issue is in favor of the amendment. Upon certification by the Board of Elections that the amendment has been approved by the voters, it shall take effect immediately.

ARTICLE VII

APPEALS

Section 7.01 Appeals

Any official action of the Zoning Inspector may be appealed by any person aggrieved, or by any officer of the Township affected by the decision of the Zoning Inspector. Upon the hearing, any person may appear in person or by attorney.

ARTICLE VIII

VARIANCES

Section 8.01 Powers of the Board of Zoning Appeals

The Board of Zoning Appeals shall have the power to authorize, in specific cases, such variances from the provisions of this Resolution as will not be contrary to the public interest. Such variances shall be granted only in cases of special conditions, involving physical conditions of the land, whereby strict application of such provisions or requirements would result in *practical difficulty* and *unnecessary hardship* that would deprive the owner of the reasonable use of the land and buildings involved. No variance from strict application of any provision of this Resolution shall be granted by the Board unless it finds that all the following facts and conditions exist:

- A. That there are unique physical circumstances or conditions, such as irregularity, narrowness or shallowness of lot size or shape or exceptional topographical or other physical conditions specific to the land or building for which the variance is sought, and such conditions do not apply generally to land or buildings in the neighborhood or district in which the property is located.
- B. That, because of such physical conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the Zoning Resolution and that the authorization of a variance is therefore necessary to enable the reasonable use of the property.
- C. That such necessary hardship has not been created by the applicant.
- D. That the variance, if authorized, will represent the minimum variance that will afford relief and will represent the least modification possible of the regulation in issue.

Under no circumstance shall the Board of Zoning Appeals grant a variance to allow a use not permissible under the terms of this Resolution in the district involved, or any use expressly or by implication prohibited by the terms of this Resolution in said district.

Section 8.02 Application for Variance

Any owner, or his/her agent, may file an application to obtain a variance or appeal from the decision of the Zoning Inspector. An application for a variance shall be filed in triplicate with the Clerk of the Township. The Clerk shall forward such application to the Secretary of the Board of Zoning Appeals, within five (5) days from receipt of the completed application.

The application for a variance or an appeal shall contain the following information:

- A. Name, address, and phone number of the applicant.

- B. Legal description of property as recorded in Pickaway County Recorder's office.
- C. A map or drawing to approximate scale, showing the dimensions of the lot and any existing or proposed building.
- D. The names and addresses of all property owners within 200 feet, contiguous to, and directly across the street from the property, as appearing on the Pickaway County Auditor's current tax list.
- E. Each application for a variance or appeal shall refer to the specific provisions of this Resolution which apply.
- F. A narrative statement explaining the following:
 - 1. The use for which variance or appeal is sought.
 - 2. Details of the variance or appeal that is applied for and the grounds on which it is claimed that the variance or appeal should be granted, as the case may be.
 - 3. The specific reasons why the variance is justified, according to Section 8.01 A-E.above.

Section 8.03 Public Hearing by the Board of Zoning Appeals

The Board of Zoning Appeals shall hold a public hearing within thirty (30) days after receipt by the Secretary of an application for a variance. If such a hearing is held, notice of such hearing shall be given in one (1) or more newspapers of general circulation in the Township at least ten (10) days before the date of said hearing. The notice shall set forth the time and place of the public hearing, and the nature of the proposed appeal or variance.

Section 8.04 Action by Board of Zoning Appeals

Within thirty (30) days after the public hearing pursuant to Section 8.03, the Board of Zoning Appeals shall either approve, disapprove, or approve with supplementary conditions the request for variance. In granting any variance, the Board of Zoning Appeals may prescribe appropriate and reasonable conditions. Violation of the conditions and/or safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of this Resolution under Section 4.10 of this Resolution.

If the application is approved, or approved with conditions, the Board of Zoning Appeals shall make a finding that the reasons set forth in the application justify the granting of the variance and will permit a reasonable use of the land, building or structure. The Board of Zoning Appeals shall transmit a written copy of its decision and findings to the Zoning Inspector, who shall forward such copy to the applicant. If the request for appeal or variance is denied, the applicant may seek relief through the Court of Common Pleas.

ARTICLE IX

CONDITIONAL USES

Section 9.01 Authority and Purpose

Under some unusual circumstances, a use of property which typically affects an area more intensely than those uses permitted in the zoning district in which it is located may nonetheless be desirable and compatible with permitted uses, if that use is properly controlled and regulated. Such uses shall be listed as "conditional uses" within the respective zoning districts.

The Board of Zoning Appeals may grant conditional approval for use of the land, buildings, or other structures and may allow such a use to be established where unusual circumstances exist and where the conditional use will be consistent with the general purpose and intent of this Zoning Resolution.

Section 9.02 Application for Conditional Use

Any person owning or having an interest in property may file an application to use such property for one of the conditional uses provided for by this Resolution in the zoning district in which the property is situated. An application for a conditional use shall be filed with the Clerk of the Township, who shall forward within five (5) days a copy to the Secretary of the Board of Zoning Appeals. At a minimum the application shall contain the following information:

- A. Name, address, and phone number of applicant.
- B. Legal description of the property as recorded in the Pickaway County Recorder's office.
- C. Present zoning district.
- D. Description of proposed conditional use.
- E. A plan of the proposed site for the conditional use showing the location of all buildings, parking and loading area, traffic circulation, open spaces, landscaping, refuse and service areas, utilities, signs, yards, and such other information as the Board may require to determine if the proposed conditional use meets the intent and requirements of this Resolution.
- F. A narrative statement evaluating the effects on adjoining property; the effect of such elements as noise, glare, odor, light, fumes and vibration on adjoining property; and a discussion of the general compatibility with adjacent and other properties in the district.
- G. The names and addresses of all property owners within 200 feet, contiguous to, and directly across the street from the property, as appearing on the Pickaway County Auditor's current tax list. The applicant shall also provide the addresses of all property within the above referenced boundaries.

- H. Such other information regarding the property, proposed use, or surrounding area as may be pertinent to the deliberations of the Board.

Section 9.03 General Standards for Conditional Uses

The Board of Zoning Appeals shall not approve a conditional use unless it shall, in each specific case, make specific findings of fact directly based on the particular evidence presented to it, that support conclusions that such use at the proposed location shall meet all of the following requirements:

- A. Will be consistent with the general objectives, or with any specific objective or purpose, of this Zoning Resolution.
- B. Will be harmonious with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area.
- C. Will be served adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal, water and sewers, and schools.
- D. Will not involve uses, activities, processes, materials, equipment and conditions of operation that will be detrimental to any persons, property, or the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare or odors.
- E. Will have vehicular approaches to the property which shall be so designated as not to create in interference with traffic on surrounding public streets or roads.

Section 9.04 Supplementary Conditions

In granting any conditional use, the Board may prescribe appropriate conditions and safeguards in conformance with this Resolution.

Section 9.05 Public Hearing by the Board of Zoning Appeals

The Board shall hold a public hearing within thirty (30) days from the receipt of the application specified in Section 9.02. If a public hearing is held, the requirements for public notice and notification of parties of interest shall be the same as for a variance, as specified in Section 8.03 of this Resolution.

Section 9.06 Action by the Board of Zoning Appeals

Within thirty (30) days after the public hearing pursuant to Section 9.05, the Board shall either approve, approve with supplementary conditions as specified in Section 9.04, or disapprove the application as presented. If the application is approved with supplementary conditions, the Board shall direct the Zoning Inspector to issue a zoning certificate listing the specific conditions listed by the Board for approval. If the application is disapproved, the applicant may seek relief through the Court of Common Pleas.

If the application is disapproved, the applicant may seek relief through the Court of Common Pleas.

**Section 9.07 Expiration and Revocation of Zoning Certificate
Issued Under Conditional Use Provisions.**

The approval of the zoning certificate issued in accordance with Section 9.06 shall become null and void if such use is not carried out within one (1) year after date of approval. The Board may revoke the zoning certificate upon written evidence by any resident or official of the Township of violation of the Zoning Resolution and/or written terms and conditions upon which approval was based.

11.02.02 Permitted Uses

B. No more than one (1) permitted use shall exist on any one zoning lot.

11.02.03 Accessory Uses

An accessory use or structure is a subordinate use or structure clearly incidental and secondary to the principal permitted building or use, and located on the same lot with such principal building or use. Accessory uses or structures shall be allowed in accordance with the specific district regulations and the requirements of Article XXV of this Resolution.

11.02.04 Conditional Uses

A use designated as a conditional use shall be allowed in the zoning district where the designation occurs, when such use, its location, extent and method of development will not substantially alter the character of the vicinity, or unduly interfere with or adversely impact the use of adjacent lots. To this end, the Board of Zoning Appeals shall, in addition to the development standards for the specific district, set forth additional requirements as will render the conditional use compatible with existing and

future use of adjacent lots in the vicinity, in accordance with Article IX of this Resolution.

11.02.05 Similar Uses

Determination as to whether a use is similar to uses permitted by right shall be considered as an expansion of use regulations of the district and not as a variance applying to a particular situation. Any use found similar shall thereafter be considered as a permitted use in that district.

Applications for zoning permits for uses not specifically listed in the permitted building or use classifications of the zoning district, which the applicant feels qualify as a similar use under the provisions of this Section, shall be submitted to the Board of Zoning Appeals.

Within thirty (30) days after such submittal, the Board of Zoning Appeals shall determine whether the requested use is similar to those uses permitted in the specific district. In order to find that a use is similar, the Board shall find that all of the following conditions exist:

- A. Such use is not listed as a permitted or conditional use in another zoning district.
- B. Such use conforms to basic characteristics of the classification to which it is to be added and is more appropriate to it than to any other classification.
- C. Such use creates no danger to health and safety, creates no offensive noise, vibration, dust, heat, smoke, odor, glare, or other objectionable influences, and does not create traffic congestion to an extent greater than normally resulting from uses listed in the classification to which it is to be added.

11.02.06 Development Standards

Development standards set forth shall be the minimum allowed for uses permitted in that district. If development standards are in conflict with requirements of any other lawfully adopted rule, regulation, or law, the most restrictive standard shall govern.

11.02.07 Development Plan

For particular uses in specific districts, a *Development Plan* will be cited as required. In such cases, the Development Plan shall be submitted by the applicant at the time of the application for a zoning certificate. The Development Plan shall contain a site plan for the property, drawn to scale, showing all property lines and building outlines, access drives, parking areas, and other notable physical features. The Development Plan shall also show the size, design, materials and location of all signage proposed for the development. The Development Plan shall contain a narrative description of the proposed use and how such use will impact adjacent residential property.

The Development Plan shall be reviewed by the Zoning Commission and must be approved as a condition for the issuance of a zoning certificate. In approving a Development Plan, the Zoning Commission shall find that the following criteria have been met:

- A. The proposed building or use shall have sufficient yard space to provide for adequate parking and screening of adjacent residential areas in accordance with this Article.
- B. The Development Plan for the proposed facility has incorporated measures to lessen and/or alleviate adverse impacts on adjacent residential areas and to protect the residential character of such areas.
- C. The location, design and operation of the proposed use shall not impose undue adverse impacts on surrounding residential neighborhoods.

ARTICLE XXI (FP) FLOOD PLAIN OVERLAY DISTRICT

Section 21.01 Finding of Fact

Specific areas adjacent to streams and watercourses within Jackson Township are subject to periodic inundation which may result in loss of life and property, hazards to health and safety, disruption of commerce, and extraordinary public expenditures for flood protection and relief, all of which adversely affect the public health, safety, and general welfare. These flood losses are caused by the occupancy of flood hazard areas by unsuitable land uses, and the cumulative effect of obstructions in flood plains, causing increased flood heights and velocities,

Section 21.02 Purpose

It is the purpose of this Article to promote the public health, safety and general welfare and to minimize losses resulting from periodic inundation of flood waters in Jackson Township by:

- A. restricting or prohibiting uses and activities that are dangerous to health, safety or property in times of flooding, or cause excessive increases in flood heights or velocities;
- B. controlling the filling, grading, dredging and other development which may increase flood damage; and
- C. controlling the alteration of natural flood plains, stream channels, and natural protective barriers which are involved in the accommodation of flood waters.

Section 21.03 Scope and Application

21.03.01 Applicable Lands

This Article shall apply to all lands within Jackson Township shown as within the 100 year flood plain, as identified by the Federal Emergency Management Agency on the Flood Insurance Rate Map Numbers and dates as follows:

39129 CO175 D	(August 29, 1997)
39129 CO300 D	(August 29, 1997)
39129 CO200 D	(August 29, 1997)
39129 CO180 D	(August 29, 1997)

The above Flood Insurance Rate Maps with accompanying Flood Insurance Studies, and any subsequent revisions and/or amendments to the above maps are hereby adopted by reference and declared to be a part of this Article.

21.03.02 Overlay District Designation

The areas of special flood hazard identified on the Official Zoning District Map shall be considered as an overlay district. This overlay district shall be designated as the Flood Plain Overlay (FP) District.

The Flood Plain Overlay (FP) District shall be superimposed over the Official Zoning District Map. The underlying zoning district, as shown on the Official Zoning District Map, shall hereafter be called the base district. Uses and minimum requirements shall be determined by the base district; however, when the requirements governing the Flood Plain Overlay District are more restrictive than those of the base district, the provisions of this Article shall supersede those of the base district.

21.03.03 Interpretation of Boundaries

When disagreement exists as to the boundaries of the Flood Plain Overlay District, those boundaries shall be interpreted to be the boundaries as shown on the Flood Insurance Rate Maps referenced in Section 20.03.01 above.

Actual boundaries may also be determined by use of the flood elevation profile information provided in the referenced Flood Insurance Study and topographic survey of the site in question.

21.03.04 Warning and Disclaimer of Responsibility

The degree of flood protection required by this Article is considered reasonable for regulatory purposes. Larger floods may occur or flood heights may be increased by man-made or natural causes, such as ice jams and bridge openings restricted by debris. This Article does not imply that areas outside the Flood Plain Overlay District boundaries or land uses permitted within such district will be free from flooding or flood damage. This Resolution shall not create liability on the part of Jackson Township or any officer or employee thereof for any flood damages that result from reliance on this Article or any administrative decision lawfully made thereunder.

Section 21.04 Development Standards

- A. Open space uses shall be permitted within the FP District to the extent that they are allowed as permitted, accessory or conditional uses in the base zoning district, and provided those uses do not require structures, fill or the storage of material or equipment.
- B. No structure shall be permitted within the flood plain and no use shall be established which would unduly restrict the capacity of the channel or floodway of the main stream, its tributaries or drainage facilities.
- C. No grading or filling within the FP District shall be permitted unless it is demonstrated to the Board of Zoning Appeals, by hydrologic and hydraulic analysis prepared by

a Professional Engineer registered in the State of Ohio, that the cumulative effect of the proposed activities shall not increase the water surface elevation of the base flood more than one (1) foot at any point. In acting on such a proposal, the Board shall seek the input of the Pickaway Soil and Water Conservation District.

ARTICLE XXII

(DCC) DARBY CREEK CONSERVATION DISTRICT

Section 22.01 Findings of Fact

Big Darby Creek flows through Jackson Township. Portions of this stream were designated a component of the National Wild and Scenic Rivers system on March 10, 1994, by the U.S. Secretary of the Interior and were also designated as an Ohio Scenic River. The stream and its watershed contain an extraordinary array of wildlife, including 86 species of fish, 40 species of mussels, 176 species of birds, 34 species of mammals as well as more than one dozen rare plant species. Big Darby Creek is considered by the Ohio Environmental Protection Agency (OEPA) as an exceptional pollution free warmwater habitat and water resource, due in part to the stability of the water temperature and enhanced water quality afforded by the dense tree canopy along its banks. In order to accomplish the purposes set forth below, it is necessary to limit inappropriate land uses and development activity adjacent to this waterway.

Section 22.02 Purpose

The purpose of the DCC District is to promote the public health and safety by protecting and preserving this valuable water resource, in that the protection and conservation of an adequate free flowing safe water supply and the filtration and elimination of pollutants is of vital concern and interest to the Township and its residents.

Section 22.03 Boundaries

The Darby Creek Conservation (DCC) District shall consist of an area two-hundred (200) feet landward along the eastern and western banks of the Big Darby Creek in Jackson Township, Pickaway County, Ohio.

Section 22.04 Permitted Uses

- A. Passive private or public recreational uses such as fishing, walking, bird watching, etc. (No public easement over such property is hereby created).
- B. Selective harvesting of timber, provided not more than twenty-five percent (25%) of the tree crown cover within the portion of the particular land owner's parcel within the DCC District is removed and trees on the immediate stream bank are not harvested, unless a specific silviculture plan for the property is submitted to and approved by the Pickaway County Soil and Water Conservation District. Damaged or diseased trees may be removed. The stump

and roots of trees on the stream bank shall be left in place to prevent erosion.

- C. Agriculture on lots greater than five (5) acres, pursuant to Ohio Revised Code Section 519.21.

Section 22.05 Development Standards

- A. No new structural or surficial (pavement) construction of any kind shall be permitted, with the exception of fences running perpendicular to the stream bank, when used for the containment of livestock .
- B. No discharge is permitted into any public or private sewer, drain, tile or stream, or onto the ground of any liquids or materials which, because of their toxic properties or temperatures when discharged, would contaminate the Big Darby watershed, groundwater or stream. The Ohio Environmental Protection Agency (OEPA) standards shall apply and be met in making a determination as to the propriety of the discharge. Discharges expressly permitted by the Pickaway County Board of Health and/or OEPA are not restricted by this Section.
- C. No grading or filling within the DCC District shall be permitted unless it is demonstrated to the Board of Zoning Appeals, by hydrologic and hydraulic analysis prepared by a Professional Engineer registered in the State of Ohio, that the cumulative effect of the proposed activities shall not increase the water surface elevation of the base flood by more than one (10 foot at any point. In acting on such proposal, the Board may seek the input of the Pickaway Soil and Water Conservation District. .
- D. The natural vegetation within the Darby Creek Conservation District shall remain undisturbed except for the removal of noxious weeds as otherwise permitted under the Ohio Revised Code Chapters 5579 and 5589, subject to the activities referenced above in Section 22.04(B)
- E. In addition to the standards above, the requirements of the Flood Plain Overlay (FP) District shall apply.
- F. All agricultural activities, including but not limited to plowing, discing, and/or cultivating cropland, protecting against streambank erosion, and construction, maintenance and/or repair of levees shall follow "Best Management Practices" as set forth by the Pickaway Soil and Water Conservation District.
