<b>Enter your Comment or Complaint:</b>	<p>I've been following the solar development debate in Madison County, and one thing that comes up regularly is the misunderstanding around road damage from construction. We may have a little inconvenience at times when projects like these are built, but that's a universal and temporary inconvenience with any kind of development. What's really important is continuing the ongoing maintenance of roads, bridges, and other forms of infrastructure into the future. I love when new economic development projects like Oak Run Solar Project come to completion, and I know that they're going to contribute to the</p>

road commission budget. This project in particular is going to provide massively to that budget. Not only that, but there will certainly be a road use agreement that will ensure any damage from the project is repaired. On the whole, this project is a no-brainer. It's a huge win for everyone in the community. I hope the members of the board will see the benefits and give it their stamp of approval.
