<b>Project Name:</b>	Oak Run Solar Project
<b>Enter your Comment or Complaint:</b>	I've been following the solar development debate in Madison County, and one thing that comes up regularly is the misunderstanding around road damage from construction. We may have a little inconvenience at times when projects like these are built, but that's a universal and temporary inconvenience with any kind of development. What's really important is continuing the ongoing maintenance of roads, bridges, and other forms of infrastructure into the future. I love when new economic development projects like Oak Run Solar Project come along because I

know that they're going to contribute to the road commission budget. This project in particular is going to provide massively to that budget. Not only that, but there will certainly be a road use agreement that will ensure any damage from the project is repaired. On the whole, this project is a no-brainer. It's a huge win for everyone in the community. I hope the members of the board will see the benefits and give it their stamp of approval.
