**Re: Village of McComb**

Dear Ms. Beggs:

I represent the Village of McComb as their solicitor. The new transmission line project was brought to my attention that will enter parts of the Village, particularly the Village Park. My understanding, is that one alternate route for the transmission lines skirts around the Village Park as represented on the attached site map that was provided to Village Officials.

The intent of this letter is to petition for some dialogue or consideration for the alternate route that skirts the Village Park. You may contact my office or our utility clerk that you have on file, Hayley Aller (419-273-0321), to discuss a potential meeting over this matter or whatever is most efficient.

Respectfully,

Robert E. Feighner, Jr.  
Village Solicitor
