DOCKETING CASE #: 22-0373-EL-RDR-89-6004-EL

SUBJECT: Dayton Power & Light Company - Protest Rate Case

Please docket the associated customer comment " Continued raised tariffs on electricity for residential services. Residents can already prove at least a 50% hike in electric bills from the last increase. Our paychecks have not increased, how can the electric companies expect us to continue this way of living? If they need more money, they need to find other ways, like cutting their own salaries. This is becoming ridiculous. Our hands are tied, and they know it. They are exploiting the fact that they are the only electric provider to our area, which is illegal". and/or attached in the case number referenced above under "Public Comments".
