1	6/3/2023	Donna Spellman	phone (937) 752-8790	concern	Ms. Spellman called to discuss potential flooding issues after significant rain events	Lead site rep for contractor met with Ms. Spellman in person. Walked the affected area and worked to address her concerns. Primary driver appears to be pre-existing runoff from the adjacent field, plus a potentially undersized culvert preventing adequate drainage from Ms. Spellman's property.	While we believe this to be primarily a pre-existing condition as we have not increased runoff volumes in this area, we are still engaged with Ms. Spellman to see if we can provide assistance. RWE's construction manager will be meeting on site with Ms. Spellman the third week of April.	Open
