EXHIBIT A

Description of Proposed Services

ExteNet LVS, LLC (“ELVS” or “Applicant”) will primarily provide wholesale services to wireless service providers and other enterprise customers. Specifically, ELVS will primarily provide point-to-point telecommunications services, such as Ethernet and other high-bandwidth services, for high-speed data transport. ELVS will not furnish switched voice services or dial tone.

Founded in 2002, ExteNet Systems, LLC (“ESL”) and its subsidiaries, including ELVS (collectively, “ExteNet”) design, build, own and operate distributed networks for use by national and regional wireless service providers (“WSPs”) in key strategic markets in North America. Using fiber-fed distributed antenna systems, small cells, Wi-Fi and other technologies, ExteNet deploys distributed networks to enhance coverage and capacity and enable superior wireless service in both outdoor and indoor environments. Primary markets addressed by ExteNet include outdoor distributed networks in a variety of densely occupied or heavily traveled settings, and venues used for sports and entertainment events, the hospitality industry, commercial buildings, and healthcare facilities. ExteNet also provides private lines or IP-based transport services to other carrier and enterprise customers.

Applicant plans to provide de-tariffed services that are regulated but are not required to be filed in a tariff. In lieu of a tariff, therefore, Applicant provides the Telecommunications Retail Service Offering Form attached as Exhibit A-1.

EXHIBIT B

Statement about the Provision of CTS Services

As described in this Application, Applicant will provide competitive telecommunications services. Applicant does not seek to provide basic local exchange services or competitive emergency services telecommunications carrier services.

EXHIBIT C

Description of General Geographic Area Served

Applicant proposes to provide competitive resold and facilities-based telecommunications services throughout the State of Ohio.

EXHIBIT D

Public Interest Statement

Grant of this Application will promote the public interest by increasing competition in the provision of telecommunications services in Ohio. Applicant may deploy and expand a competitive telecommunications infrastructure in the State of Ohio, thereby driving prices closer to costs and ensuring just and reasonable rates in addition to promoting efficiency in the delivery of services and in the development of new services. Applicant will provide customers high-quality, cost-effective telecommunications services, with an emphasis on customer service. Applicant has experience in providing competitive and innovative products through its parent and affiliates, ExteNet Systems, LLC (formerly known as ExteNet Systems, Inc.) License Type: SELLER'S USE TAX
Account Number: 99145638
Effective Date: 12/1/2022

This is to certify that the above registrant is authorized to make retail sales subject to taxes levied pursuant to Chapter 5741 of the Ohio Revised Code.

A new registration must be obtained if the business is sold or if the form of ownership changes. An ownership change includes, but is not limited to, incorporating a business, changing from a partnership to a sole proprietor, a sole proprietorship to a partnership, or any similar entity change.

Vendor's Guide to Ohio Sales and Use Tax

What Is Sales Tax?

Sales tax is a "trust" tax that must be collected on taxable retail sales to Ohio customers by all Ohio retailers and those out-of-state retailers that are registered with Ohio. It is called a "trust" tax because the consumer has entrusted this tax to retailers with the understanding that it will be reported and paid to the state of Ohio in a timely manner.

Types of Vendors' Licenses

To apply for any of the license types listed below, please visit the Ohio Business Gateway (OBG) at gateway.ohio.gov or for a paper application, the Ohio Department of Taxation's (ODT) Web site at tax.ohio.gov.

Regular County Vendor's License – This type of license is required by vendors making sales from a fixed place of business and vendors that make sales online or by catalog. Vendors of tangible personal property and certain services must have one regular vendor's license for each sales location. The application form is ST 1. Services requiring a regular vendor's license are as follows:

- Fabrication, installation, repair and/or storage of tangible personal property.
- Hotel or similar room rentals.
- Laundry and dry cleaning (excludes coin-operated machine sales).
- Personal care services, including skin care, application of cosmetics, manicures, pedicures, hair removal, tattoos, body piercing, tanning, massage and other similar services. It does not include hair care, cutting, coloring or style.
- Physical fitness facility service (membership fees and sales of tangible personal property).
- Recreation and sports club service (membership fees and sales of tangible personal property).
- Towing of motor vehicles, including those wrecked, disabled, or illegally parked.
- Washing (except coin-operated), cleaning, waxing, polishing or painting of motor vehicles.
- Transportation of persons within Ohio (except by public transit systems or commercial airlines).
- Landscaping, lawn care & snow removal services
- Building maintenance & janitorial services

Note: Services are taxed at the location where the customer receives the benefit or makes first use of the service.

Transient Vendor's License – This type of license is required when making sales from a non-fixed location such as a fair, an exhibition or a trade show, when the vendor travels to the customer's location to sell taxable items. These licenses are valid throughout Ohio and allow a vendor to make sales in all 88 counties in Ohio. The application form is ST 1T.

Filing Requirements

The Universal Sales Tax return (UST1) is used for all of the above licenses and must be electronically filed and paid by the due date. The filing frequency is determined by the ODT. Your frequency is stated on the Registration Confirmation notice and you will be informed in writing of any filing frequency changes.

Monthly Filers – The UST1 must be electronically filed and paid by the 23rd day of the month following the reporting period, for all tax collected during the preceding month. If the 23rd is on a weekend or holiday, the due date is the next business day.

Semi-annual Filers – Vendors and sellers whose tax liability is less than \$1,200 per six-month period may file and pay their sales taxes semi-annually. Such returns are due by the 23rd day of the month following the close of each semi-annual period for the tax collected during the preceding six-month period.

- Jan. 1 through June 30 – return and payment are due on or before July 23rd.
- July 1 through Dec. 31 – return and payment are due on or before Jan. 23rd.

Returns must still be filed even if no sales are made or no tax is due. Failing to file a return or remit tax due will result in fines, penalties and possibly criminal charges.

Ohio Tax Alerts – Vendors may sign up to receive tax alerts via e-mail for multiple tax types, including sales and use tax. These alerts include reminders of when semi-annual and monthly universal sales tax (UST1) returns and payments are due. These reminders can assist vendors in remitting timely returns and payments. This can be a very helpful service, as the ODT does not mail returns or information to new or existing vendors. To use this service, simply sign-up from our Web site at tax.ohio.gov.

Mandatory Electronic Filing

Each person holding a vendor's license, regardless of sales volume, is required to file a UST1 return electronically. ODT offers two ways to file a sales tax return electronically.

The Ohio Business Gateway – OBG allows taxpayers to electronically file their UST1 return and accepts electronic checks and credit cards for online payment and also allows taxpayers the option to pay with a paper check. To use this option, please visit gateway.ohio.gov and click on the "Login Now" or "Create an Account" link on the OBG home page.

TeleFile – Vendors with a regular (single) county vendor's license beginning with 01-88 may electronically file their UST1 returns over the phone through Ohio's TeleFile system. TeleFile users can remit payment by electronic check or credit card. To utilize the Ohio Telefile system, a vendor must have their vendor's license number and their two-digit TIN available. This information can be found on the Registration Confirmation issued when their vendor's license was activated. To use this option please call 1-800-697-0440.

Canceling a Vendor's License

If a vendor stops making taxable retail sales, a final UST1 must be filed and all taxes must be paid within 15 days of the final sale. Vendors must complete the space provided on the final UST1 indicating the last day of business. All electronic filing options, including OBG and TeleFile, allow a vendor to cancel their vendor's license when filing their final UST1. If you are a liquor permit holder, you cannot cancel the vendor's license until action has been taken on the liquor permit.

Are Vendors' Licenses Transferable?

Any change in ownership (sole proprietor to partnership, partnership to corporation, corporation to sole proprietor, partnership to sole proprietor, etc.) that requires the issuance of a new Federal Employer Identification Number (FEIN) requires a new license. A final UST1 return must be filed and all taxes paid within 15 days of the last day of business. Any change in location of a fixed place of business for a regular county vendor's license (beginning with 01-88) not within the same county, or if there is also a liquor permit, even within the same county, requires a new license, and a final UST1 return must be filed within 15 days of the last day of business for the preceding license. A change in location of a fixed place of business for a regular county vendor's license within the same county does not require a new license. However, you are required to complete form ST3 TL – Request for Transfer of Vendor's License. A change in the mailing address does not require a new license and can be requested by completing a ST 3C and can be found on ODT's Web site at tax.ohio.gov.

Determining Sales Tax Rates

Please visit the ODT Web site (tax.ohio.gov) or call the Business Taxpayer Services line (1-888-405-4039) for information on the tax rates and rules governing Ohio's sales and use tax. Sign up for Ohio Tax Alert and receive notification of tax rate changes. Sales and use tax rates for any address in Ohio can be verified by using The Finder, an online resource available at tax.ohio.gov.

Important Notes for Sales Tax

Nonprofit organizations exempt under section 501(c)(3) of the Internal Revenue Code that make retail sales no more than six days a year are not required to have a vendor's license or collect tax on those sales. If sales occur on more than six days, the organization must obtain a license and charge and remit tax. School-related, parent-teacher, and booster groups are exempt from registering and collecting the tax.

Sales Tax Exemptions – Blanket Exemption Certificate (STEC B)

– is used to purchase items exempt from sales tax with a valid reason for exemption (resale, agriculture, manufacturing, nonprofit, etc). The exemption form can be obtained from ODT's Web site at tax.ohio.gov. Promoters, organizers or owners of trade shows, fairs, flea markets, exhibitions or similar events where transient vendors make retail sales are required to maintain for at least four years and make available to the ODT records of the vendor's names, addresses, vendor's license numbers and types of goods sold.

What Is Use Tax?

Use tax is a tax on the storage, use or other consumption of tangible personal property and certain taxable services in Ohio. These include purchases made from both Ohio and out-of-state vendors. The tax is a complement to the Ohio sales tax. In general, if you have paid Ohio sales tax on purchases of certain items or certain taxable services, then you do not owe Ohio use tax. If you have not paid Ohio sales tax, then you have a responsibility to remit Ohio use tax directly to the ODT, unless there is an exception or exemption that applies to the transaction. Please refer to the ODT's Web site (tax.ohio.gov) for more information on what is subject to use tax and the appropriate sales/use tax rate for your county. Sales and use tax rates for any address in Ohio can be verified by using The Finder, an online resource available at tax.ohio.gov.

How Do I Remit Use Tax Directly to Ohio?

The Universal Use Tax return (UUT1) is used for filing use tax. Businesses need to register for a Consumer's Use Tax account to begin remitting use tax directly to Ohio. Registration and filing are available on OBG at gateway.ohio.gov. OBG accepts electronic checks and credit cards for online payment and also allows taxpayers the option to print a payment coupon to pay with a paper check.

Summary of Financial Condition, Liquidity and Capital Reserves

[CONFIDENTIAL - FILED UNDER SEAL]

Applicant possesses the requisite financial resources to provide telecommunications services in Ohio. Applicant does not maintain financial statements separate from the consolidated financial statements of its indirect parent company, ESL. For purposes of this Application, Applicant will rely on the financial statements of ESL to demonstrate Applicant's financial qualification to operate within Ohio. The most recent annual consolidated financial statements of ESL are provided as CONFIDENTIAL Exhibit H-2. The information provided in CONFIDENTIAL Exhibit H-2 is proprietary and Applicant requests, pursuant to OAC 4901-1-24(D) of the Commission's Rules that this information be treated confidentially, as it contains sensitive information regarding Applicant's business operations which is not normally subject to inspection by the public. As shown in the financial statement, through ESL, Applicant has sufficient capital resources and is financially qualified to operate within the State of Ohio.

EXHIBIT H-1

Motion for Protective Order

Application of
ExteNet LVS, LLC
for a Certificate of Public Convenience and
Necessity to Provide Telecommunications
Services throughout the State of Ohio

ExteNet LVS, LLC (“**ELVS**”), by its attorneys and pursuant to OAC 4901-1-24(D), moves for a protective order to prevent public disclosure of the confidential and proprietary financial information included as **Exhibit H-2** in the above-referenced application. In support of this Motion, ELVS states as follows:

2. ESL is a privately held company and is not required to file financial information with the United States Securities and Exchange Commission and does not otherwise disclose its financial information to the public.

4. The Confidential Exhibit derives economic value from not being generally known to and not being readily ascertainable by proper means by other person who can obtain economic

value from their disclosure and use. Specifically, the information contained therein is extremely sensitive financial information that could be used by competitors to determine revenue and other information damaging to the Company. Disclosure of such information would be extremely detrimental and could be used by the Company's competitors to materially affect the Company's ability to compete effectively.

5. Due to the sensitive nature of the Confidential Exhibit, it is appropriate for the Commission to limit access to it. The Confidential Exhibit should solely be used by the Commission in exercising its governmental functions in considering ELVS's Application. There is no legitimate purpose or public interest to be served in disclosing the Confidential Exhibit to the Company's current or future competitors or to any person other than the appropriate staff of the Commission.

WHEREFORE, ExteNet LVS, LLC respectfully requests that the Commission grant a Protective Order allowing **Exhibit H-2** of the Application to be treated as confidential.

Respectfully submitted,

/s/ Stephany Fan

Technical and Managerial Expertise

Applicant's technical and managerial personnel are well qualified to direct the provisioning, delivery, billing and customer service for the proposed services. The senior management of Applicant has great depth of experience in the telecommunications industry, through its parent company, ESL, and offers extensive telecommunications business, technical, and managerial expertise to Applicant. All officers and directors can be reached through Applicant's principal place of business at 3030 Warrenville Road, Suite 340, Lisle, IL 60532 or by telephone at (630) 505-3800.

Neither Applicant nor any of its officers or directors have been or are currently the subject of any civil or criminal proceedings pending before any state or federal regulatory commission, administrative agency, or law enforcement agency that could adversely affect Applicant's ability to provide telecommunications services in Ohio. Descriptions of the background of Applicant's key personnel, which demonstrates the extensive telecommunications experience of Applicant's management team, are as follows:

Richard Coyle

President and Chief Executive Officer

Rich became the President and permanent Chief Executive Officer in December 2021, after being named interim Chief Executive Officer in July 2021 and Chief Operations Officer (COO) since December 2018. As the COO, Rich was focused on designing and implementing business operations to support the strategic direction of a customer-centered organization. Under his leadership, Extenet cemented its position as the leading private owner and operator of small cells and fiber networks by delivering three consecutive years of distributed network infrastructure growth. Rich has always focused on promoting company culture and vision, with a goal of building diversity, equity and inclusiveness across the organization.

Prior to Extenet, Rich served as an Operating Partner at Digital Bridge Holdings LLC. Previously, Rich has also held leadership roles at fiber infrastructure companies, including Wilcon and Zayo Group. Over his twenty years in the industry, including telecom and utility companies, Rich has focused on growing and improving the operational, financial and market position of the companies. Rich has an accomplished record of developing strategic and tactical initiatives to maximize long-

term growth and enterprise value through a combination of streamlined operations, cost reductions, efficient capital investment and financial structuring.

Rich has a Bachelor of Science in Accounting from the City University of New York—Queens College. He is a recognized public speaker and participates in various thought-leadership events.

Saroosh Ahmed

Chief Financial Officer

Saroosh has over 20 years of leadership in corporate growth strategy, financial operations, capital management, and mergers and acquisitions. As ExteNet's Chief Financial Officer, Saroosh is responsible for innovating and advancing Extenet's corporate finance and competitive level of play in business management, growth, transparency and value creation. Prior to Extenet, Saroosh served as Chief Financial Officer for Sidecar and was a principal in the recent sale of Sidecar to Quartile to form the world's largest cross-channel e-commerce advertising platform. Before joining Sidecar in 2019, Saroosh served as Sr. Vice President of Finance at Datapipe, a global provider of managed cloud solutions that was successfully acquired by Rackspace in 2017. Saroosh has held senior finance and general management positions at Time Warner Cable and RCN, where he successfully led innovative new business unit growth efforts and drove improvements in financial and operational performance within those companies.

Saroosh attended St. Xavier's College, where he earned a bachelor's degree in Commerce as well as an MBA in Finance from Rochester Institute of Technology.

Telisa Schelin

SVP, General Counsel and Secretary

Telisa was named Senior Vice President, General Counsel and Corporate Secretary in 2022 and brings a wealth of experience managing complex legal, financial and business issues. Telisa previously served as Chief Legal Officer, Executive Vice President and Secretary for TIER REIT, a real estate investment trust focused on commercial office properties, prior to its merger with Cousins Properties. There, she was responsible for all legal aspects of the company including finance, real estate and commercial business transactions, mergers and acquisitions, investor relations, lease and contract administration, litigation, risk management and human resources.

Telisa has nearly 25 years of legal experience in corporate governance, securities and regulatory matters and was in private practice with Gardere Wynne Sewell LLP (now part of Foley & Lardner) prior to her role with TIER REIT.

She is licensed to practice law in Texas and Oklahoma and has a juris doctor with highest honors and a bachelor's degree in political science from the University of Tulsa. She has been recognized by the Dallas Business Journal as one of its "40 Under Forty" and was named one of the 10 leading "Women of Influence" by Real Estate Forum magazine.

Patti Paulo***SVP, Planning & Operations***

Patti has over 20 years of telecommunications operational experience. Patti joined Extenet in 2018 as part of its acquisition of Axiom Fiber Networks. As the SVP of Planning & Operations, her responsibilities involve driving traditional telecom operational functions as well as developing and implementing business processes and infrastructure that enable Extenet's goals and strategy, business plan and operating requirements while continually serving customer needs.

Prior to Extenet, Patti held various senior-level roles at Axiom Fiber Networks, XO Communications, RCN Metro and Glowpoint Inc. She has developed and led large support teams focused on process development, automation, and improvement with a keen focus on enabling unparalleled customer service. Earlier in her career, Patti was instrumental in developing and managing core business and operational processes and support systems at RCN Metro and Con Edison Communications, where she also led the teams responsible for meeting customer delivery dates and company revenue installation targets.

Patti graduated and received a Bachelor of Science Degree in Business Administration from Montclair State University and resides in New Jersey with her family.

Jeff Alexander***SVP, Field Operations***

Jeff has over 30 years' experience in the telecommunications industry. At Extenet, Jeff leads the national team responsible for the design and implementation of all the in-building fixed and wireless network solutions Extenet deploys nationwide. As part of this role, Jeff has firsthand experience working closely with national carriers and authorities having jurisdiction in delivering wireless and wired solutions to venues.

Over his thirty-plus years in the telecom industry, Jeff has worked with multiple wireless communication carriers, federal and local public safety organizations and private companies to solve coverage and capacity issues. He can also be considered one of the experts in the field of public safety communications networks. Jeff has extensive experience creating opportunities with Distributed Antenna Systems (DAS) technologies related to some of the largest real estate projects, stadiums, arenas and universities across the US.

Mike Alt***SVP, Planning & Engineering***

Mike has over twenty-seven years of experience in the wireless industry, with twenty-three of these years leading technical organizations with more than 150 employees. As Senior Vice President for Planning & Engineering, Mike develops technical solutions and timelines for optical, wireless and enterprise telecommunications solutions. Mike joined Extenet in February 2009 as the Director of RF Engineering and went on to become the VP of RF Network Design, VP of Mobility Solutions Engineering and VP of Solutions Engineering until he was named Senior Vice President for Planning & Engineering. During his tenure, Mike has been involved with the design of over 30,000 outdoor nodes and 500 indoor networks, as well as the development of a neutral host fiber multiplexing hardware solution now available on the open market.

Prior to joining Extenet, Mike worked at Nexgen Wireless as the Vice President and General Manager and as the Director for Regional Planning and Logistics at Sprint. He has extensive knowledge of creating and executing strategic and operational plans with twelve years of experience designing and deploying small cell and indoor wireless networks.

Mike is from Northwest Indiana and has an MS in Information and Communication Sciences from Ball State University in Muncie, Indiana.
