MR. SANDOR: Public Utilities

Commission of Ohio is assigned for hearing,

case number 22-1066-RR-RCP, which is captioned

as in the matter of the requests by the Village

of Sugarcreek for an exemption from stopping

for school busses and hazardous materials

vehicles at the State Route 39 and 3rd Street

Northwest railway grade crossings in Tuscarawas

County, Ohio.

My name is Matt Sandor and I'm the attorney examiner assigned by the commission to hear this case. The purpose of the hearing is to receive public comments regarding the requests made by the Village of Sugarcreek village's administrator to classify the State Route 39 and 3rd Street Northwest railway grade crossings as exempt.

In the petitions the village administrator explained that the crossings are rarely used, that school busses and vehicles carrying certain hazardous materials are still affected by the crossings and as safety issues exist as a result for the need for these vehicles to stop at the crossings.

For those in attendance who wish to

Please raise your right hand. Do
you swear to tell the whole truth?

MR. KASER: Yeah.

22 EXAMINATION OF KEVIN KASER

- Q. And what's your position with the village and the address.
- A. Village administrator/chief of police. My address on this would be the large number of traffic and increase over the last several years. And being in conjunction with Beldon Brick in that particular area, and kind of being not necessarily a blanker, but a partial blanker, we've had a lot of issues with stopped traffic in that location. And I see it as a safety issue and things of that nature.
- Q. Okay. And does the same go for the 3rd Street Northwest railway crossing?
- A. Yes. Being right at the base of the hill, it's kind of a sharp incline, you know, as you approach and then go across it.

 We have a lot of traffic, a lot of left to center traffic there, just due to the way they approach with the incline of the hill.

Certain portions of the day, the morning and the afternoon with school letting in and out, the school being in the location being right on the corner and all the field trucks coming in and out, there is a safety

Page 7 issue as well. 1 O. Okay. And then off the record 2. there was a conversation about the mayor not 3 being able to attend, is there anything --4 5 Yeah, so our current mayor, Jeff Stutzman, he would like to note that he is also 6 7 in favor of closing the crossings and same safety concerns as well. 8 9 Q. Okay. Thank you. 10 MR. SANDOR: Would anyone else like 11 to testify? 12 MR. ROBERTS: I would. I'd like to 1.3 make a comment, I guess. 14 MR. SANDOR: Raise your right hand. 15 Do you swear to tell the whole truth? 16 MR. ROBERTS: Yes. 17 EXAMINATION OF KEVIN ROBERTS BY MR. SANDOR: 18 19 Q. Can you please state and spell your 20 name. 21 Kevin Roberts, R-O-B-E-R-T-S. Α. 2.2 Q. And then what's your official title? 23 24 A. I'm the transportation supervisor at Garaway Schools. 2.5

Α. And I quess I personally drive a buss myself and I've had numerous occasions stopping on the railway crossing hill at 39 that it's -- to me it's very unsafe when you're doing the crossing and a lot of people are not paying attention. Because I've almost gotten rear ended quite a few times there. And I think people are thinking, to me, when you're looking around, there is a lot of vegetation and it's like not a used railway and they think the busses are not going to stop. But I personally stop with the school vans because we have school vans and just yesterday I almost got rear ended in the school vans just stopping there on 39.

So I think it would be beneficial to have it exempt because of the safety reasons for the busses. Because in the evenings when the busses leave and in the mornings when they leave, and even coming in, we have 12 busses going in and out. And it does cause quite a back up, especially in the afternoons when we leave and they are going that direction, stopping and holding traffic up. So I think it

    will be a little bit better of traffic flow

    too.
3
                 Okay. Thank you.
           Q.
                 MR. SANDOR: And then anyone else?

7
                 (Whereupon, a recess was taken.)
                 MR. SANDOR: Back on the record.
8
9
                 I do want to note for the record
10
    that it's approximately 2:12. We waited until
11
    this time to make sure we had people from the
12
    public show up or to see if anyone else from
13
    the public would show up if they were running
14
    late. We have no other people that did come to
    the location and since we have no other
15
16
    questions, we are done for the afternoon.
17
                 I would like to thank the Village
18
    of Sugarcreek for allowing us to use its
19
    facilities and thank you to our court reporter.
20
    The case will be submitted to the record and
    the commission will issue its decision in due
21
2.2
    course.
23
                 Thank you, everybody. We're off
2.4
    the record.
