<b>Project Name:</b>	oak run solar
<b>Enter your Comment or Complaint:</b>	May 4th, 2023, Columbus Ohio per 6News-- solar project Columbus broke ground on new solar projects, to be located along Parsons Avenue, and Jackson Pike project, NextEra Energy (which is familiar with NW Ohio, no more than 42 acres for one project). Columbus Solar Park, former landfill to be the largest solar facility of its kind in the U.S. (a prior landfill, no farmland destroyed with this solar project proposed, because solar projects should not used in farmland). Please don't make Madison County farmland into a future landfill further.
