Dear Public Utilities Commission of Ohio,

Seniors on fixed incomes will struggle if this AEP rate hike occurs. AEP has to absorb some of the fuel cost increases. It's bad enough that we are facing very high food costs, insane rent hikes and housing shortages and punishing rates at the gas pumps, but increasing utility rates will increase the misery of trying to stay afloat these days. Please do not allow this rate hike. Thank you.

Dear Public Utilities Commission of Ohio,

Utility bills are skyrocketing. Ratepayers across Ohio are struggling to pay their bills, while utilities like AEP reap billions in profit. Please do not allow AEP to increase our distribution charges, when they can find those funds elsewhere.

Instead of using ratepayer money to pay for generators and other equipment AEP would own, ensure those assets for reliability in vulnerable neighborhoods would be community owned.

Do not approve deferral authority for cost recovery of the OVEC coal plants.

Do approve the energy efficiency programs which save us money, decrease burden on our electric grid, and reduce overall emissions.

Sincerely,

Leslie Henry
