Mr. & Mrs. Hughes,

Thank you for contacting the Ohio Power Siting Board regarding the Buckeye Wind Farm (OPSB Case Nos. 08-0666-EL-BGN and 13-0360-EL-BGA).

The OPSB welcomes and encourages public comment on cases during all stages of a project, from pre-application to certification, and for matters such as the extension of a certificate or questions during the operation of a facility. Your comments will be docketed in the appropriate case files.

It is noted that you are opposed to the extension of Everpower's Buckeye Wind Farm certificate and request that the OPSB hold a hearing on this matter.

Thank you,

Steve

Subject: Case # 08-0666-EL-BGN

To OPSB Members:

Everpower must be required to file an application to extend the deadline of their certificate of approval.

No motion for extension allowed--no bypass of public comment.

By attempting to obtain an extension by motion instead of an application, Everpower eliminates the opportunity for the public to comment.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
