**SUBJECT:** Ohio Power Company - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

Customer Comments: " It is very greedy of the power company to raise rates 30 percent and then in a year try to raise them again. My pay has not gone up since the pandemic yet all these companys are raising rates on everything and squeezing out the working man/ woman. We should defund the politicians that are supposed to work for the people but just help corporations that line their pockets."

This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such. Customer comments: " We cannot afford any increase in the electric bill it would be a financial drain on the seniors on fixed income we are barely scraping by . This would have people making decisions on to get less food and not getting medication or health care people need. It is truly hard in American right now for our seniors and young people with families. People would be without lights and air conditions and if they have medical equipment Oh my God what is it gonna take for you guys to realize that we are not getting any raise in our income. People are struggling and will die. Does anyone really care about the poor there is so many of us just barely getting by. Please reconsider this raise in our bill. it is not right not now." Customer Comments: "I would like to emphatically protest the proposed rate hikes requested by AEP. The company reported earnings of \$2.3 Billion for 2022 and \$2.5 billion for 2021. How much more do they need to make? Meanwhile, with the economy in such a mess, inflation running out of control, and many people's salaries being held stagnant or reduced, this increase is unnecessary and civically irresponsible. I strongly condemn AEP for their greedy and unnecessary rate hike request."

**DOCKETING CASE #:**23-0023-EL-SSO

**SUBJECT:** Ohio Power Company - Protest Rate Case

Description: The next proposal for a rate hike. Everyone is struggling but this is insane all these rate hikes. I'm a senior citizen and am still working to pay bills along with my having breast cancer. It does not seem fair all these rate hikes and I have to make a choice as to my health.

**DOCKETING CASE #:**

**SUBJECT:** Ohio Power Company - Protest Rate Case

I am so disappointed in this raise for aep. The economy has bottomed out and seniors are struggling. It's a choice between meds, food or pay utility bills. Why do this company need such a big increase? It isn't good business at this point and time. Stop and think what you are doing to community. Thanks for listening.

*As a retired teacher , AEP customer(Betty Foster account) and Columbus taxpayer for almost 40 years, I am not in favor rate hike. As former teachers, we support our community in so many ways including Mid-Ohio food bank, our church, Columbus City Schools, our grandchildren and my 83 year old mother. We cannot afford a rate hike. We conserve our electricity as much as we can. We know there are other senior citizens like ourselves who cannot afford this increase. Thank you, Betsy Poling*
