**DOCKETING CASE #:** 23-0023-EL-SSO

**SUBJECT:** Ohio Power Company - Protest Rate Case

Please docket the associated customer comment by AEP Renewables facilities is contracted to utilities, electric cooperatives, m"Currently we are all ready paying for storm damages. My bill electric bill has just kept increasing every year. Doesn't pay to go thru another carrier as AEP still charges for distribution. I try to conserve and use as little energy as possible. But every month I am on a disconnect list. As I live pay check to paycheck. Married no children and above your poverty limits (which is totally ridiculous) I order to get help paying my bill. Just crazy, especially per this article/ website: AEP Renewables develops, owns and operates large wind and solar energy generation projects throughout the United States. The renewable energy produced unicipalities or corporate customers. [https://puco.my.salesforce.com/apex/AFSC\\_\\_UrlCheck?id=04a0q8y0000014OUaAAM](https://puco.my.salesforce.com/apex/AFSC__UrlCheck?id=04a0q8y0000014OUaAAM) (<https://www.aep.com>) > businesses AEP Renewables. They are not buying the sun or wind. Yes they have pay build and store the renewable energy. But for how long diesy the consumers have to keep paying these higher prices. When it's less costly than coal and all the safety guidelines they have to abide by pet the EPA."
