DOCKETING CASE #:23-0023-EL-SSO

SUBJECT: Ohio Power Company - Protest Rate Case

I do NOT support AEP's gigantic increase of our utility rates. I can barely afford to pay my bills now. Everything keeps going up and up and up. Are we supposed to have to go back to the stone ages and live by candle light? I have already changed all the bulbs in the house to LED and my rates are still just as high as they were with regular bulbs. I believe I heard the media say the CEO of AEP makes 16 million a year? Isn't that a bit excessive? I think it is definitely excessive. I have been a long time customer of AEP and extremally disappointed with this proposed gigantic rate increase, and then to have a second increase the year after. Please do NOT let them raise the rate so high. Sincerely Melissa J. Cohan
