Solar Board Meeting April 25, 2023

Robyn Carrillo 22119 State Route 104 Circleville, Ohio 43113

Points:

- Stated Circleville Solar stated they have been in contact with neighboring properties.
 - No contact has been made to our home or our property
- Liabilities:
 - We are a livestock farm *financially*
 - Who is going to be liable for the damage created by fowl (chickens, roosters, turkeys, guineas, etc) going over the fences to the solar panels and other building materials
 - Livestock will not re-produce when there are industrial sounds
 - We are one of the largest Pickaway County Born and Raised Goat farm for the Local 4-H and FFA members.
 - We provide beef to a number of local residents.
 - We have a thriving egg business.
 - Who will cover these expenses?
- Children's Future
 - It has been stated there will be an educational building built where Circleville Solar images school buses will come
 - Circleville Solar would like to build this on the corner of 104/56
 - This is one of the most dangerous intersections in Rural Pickaway County.
 - Multiple deadly crashes have occurred here in the past few years.
 - Our community doesn't support this Solar Plant
 - What schools will come?
 - Will there be picketers?
 - Our children dreamed of raising their families on our property and continuing our homestead
 - With a 40 year lease our children will be in their 50s and 60s!
 - Board of County Commissioners
 - Have found no value to solar plants
 - Doesn't promote general health or safety

- Loss of Property Value
 - While it has been stated there hasn't been a study on the percentage of loss to property values
 - Notice, they didn't say gain!
 - Will Circleville Solar be paying for the loss in property or will that be the farmers who signed with you?
 - Think about this?
 - Do you want to live surrounded by a solar plant??
 - Is that where you want to raise your children?
- Fire is a major danger for Solar Plants
 - Circleville Solar are you aware
 - We are in a volunteer area
 - More times than not – it is mutual aid that will show up before our own Williamsport Fire Department does?
 - This lengthens response times
 - Causes more damage
 - Property Insurance will go up
 - Will Circleville Solar be paying for that or the local farmers who signed with your organization
 - Cancer?
 - Nobody has been certain exactly how close you can live to a solar plant before your likely hood in cancer increases.

Without our homestead where we raise our livestock, have a business and our peaceful home – what will have???? So, I will say it again – buy us out.... Instead of tearing us down little by little.
