**Subject:** Fwd: AGAINST BIRCH SOLAR

Dear Sir,

I just learned that the Ohio Power Siting Board is having a hearing today to reconsider the Birch Solar project in Allen and Auglaize counties. Nothing has changed and the board's answer must be the same!!!!

Dear Sir,

I live less than half a mile from the power station and I am opposed to Birch Solar because of:

- Dense population of area
- Inability of area to handle water run-off
- Heat Island effect
- Dangerous chemicals in panels
- Noise of construction
- No power benefits locally
- Limited number of sunny days

There are many more reasons. Thank you for considering the wishes of those near the project.

Deborah Gronas
