Subject: Fountain Point Solar Project

Hello.

This email is to address the Fountain Point Solar Project in Logan County Ohio
Reference case number; 21-1231-EL-BGN.

I have submitted a previous email in support of this project but have additional
input.

The addition of this project in Logan County will make Logan County so much more
attractive to large companies wanting their energy to come from renewable
sources. This is the way of the future. We have to move in the direction of
renewable energies as fossil fuels will eventually run out. This needs to be a
decision based on common sense and what's best for this county rather than
based on emotional inaccuracies of what ifs.

Thank you.

Susan Neer
