**RE: Anguin 138 kV Extension No. 1 Transmission Line Project
Proof of Compliance with O.A.C. 4906-6
Case No. 23-0343-EL-BNR**

Dear Ms. Troupe:

Ohio Power Company hereby files this proof of compliance with the notice requirements set forth in Rule 4906-6-08 of the Ohio Administrative Code for the above-referenced project applications:

1. In accordance with O.A.C. 4906-6-08(B), Ohio Power Company shipped Notification Letters to each property owner and affected tenant via USPS First Class Mail on August 16, 2023. The letter met all the requirements of this rule.

Respectfully submitted,

/s/ Hector Garcia-Santana
Hector Garcia (0084517)
Counsel for Ohio Power Company

RE: Start of Construction
 Anguin 138 kV Extension No. 1 Transmission Line Project
 Case No. 23-0343-EL-BNR

Dear Neighbor,

You are receiving this letter because public records show you own property or live in the area where AEP Ohio representatives plan to upgrade the local power grid.

We wanted to let you know construction begins soon to build 0.6 miles of 138-kilovolt (kV) transmission line connecting the Anguin Station to a customer's station off Blacklick Creek Road in New Albany. The company needs to build the transmission line and substation to serve a customer's facility and meet the area's growing electrical load demand.

Company representatives expect construction to continue through fall.

We filed the project with the Ohio Power Siting Board last April as the Anguin 138 kV Extension No. 1 Transmission Line Project, Case No. 23-0343-EL-BNR and received approval in July.

You may see crews walking or using all-terrain vehicles to access the property during construction. Crews use existing roads or lanes whenever possible. If any damage results from the activities, AEP Ohio representatives can work with you to reimburse you or restore your property to its previous condition.

If you have any questions, please contact me at (380) 205-5381 or brecker@aep.com.

Sincerely,

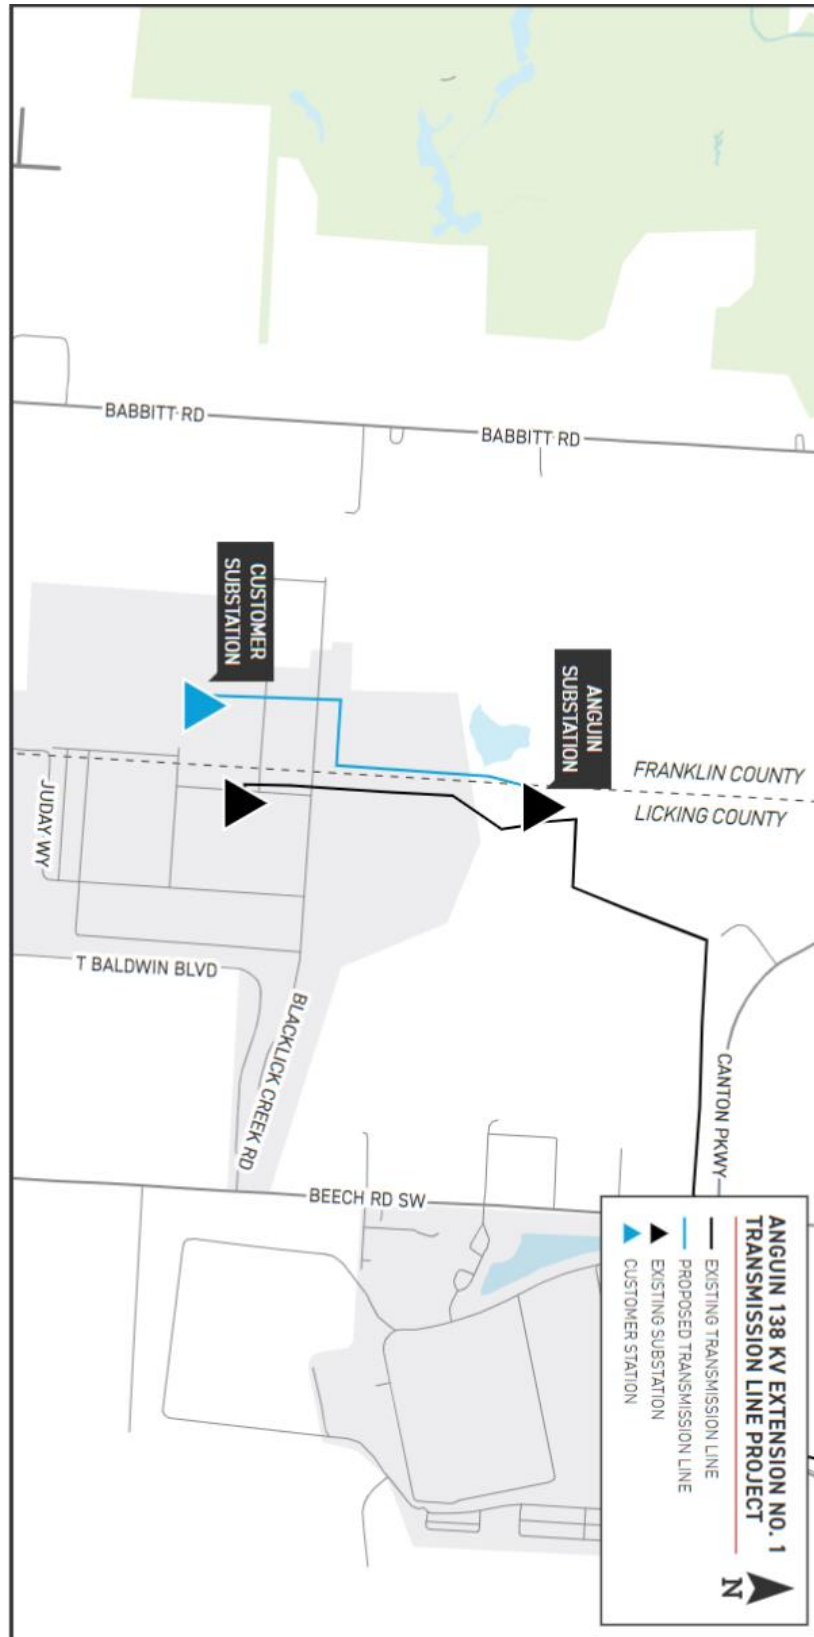

Brian Recker
Project Outreach Specialist
