Let me make another suggestion: RESTORE THE RENEWABLE ENERGY MANDATES THAT WERE GUTTED IN OHIO HB6!
- require FEC to get 12.5% of their power from renewables by 2027.
- reduce customers' energy use 22% from 2008 levels by 2027 through energy efficiency programs not paid for by users.

And let me add:
- create incentives to encourage residential and commercial customers to install renewable energy facilities,
- implement net metering,
- from which FEC may purchase renewable electricity to meet their 12.5% requirement.

This message and any response to it may constitute a public record and thus may be publicly available to anyone who requests it.
