First Energy has sold us out with their nonstop price gouging and monopoly on energy in my area. They want to now pass the costs onto us for maintenance they should be doing in the first place. They shouldn't even be allowed to operate in our state, let alone continue to reap record profits while Ohioans like me wake up to bills 2x the amount they were in the past. I am writing as a concerned constituent and resident of Ohio to ask the PUCO to decline allowing First Energy to raise our rates even more. Make it stop or you are complicit in their scheme.
