SUBJECT: Cleveland Electric Illuminating Company - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

We are strongly opposed to any rate hikes by First Energy. Have them get back the money from politicians they bribed. Have them cut management expenses - by termination if necessary. Have them go to investors and get the money. First Energy should have to prove through long term actions that they are well managed, honest, and running the utility for the benefit of the customers, not themselves and their political cronies. If they need money they can have the \$7 we received from the settlement. Of course they will only be able to spend it on line or on an Apple credit card and only for the exact amount. Do your job and reject this increase.
