Re: The Dayton Power and Light Company d/b/a AES Ohio, Case No. 23-0477-EL-RDR

Docketing Division:

Pursuant to the June 16, 2021, Opinion and Order in Case No. 18-1875-EL-GRD *et al.* approving the Stipulation and Recommendation filed in those cases, as well as the February 23, 2022, Finding and Order in Case No. 21-1110-EL-RDR, AES Ohio submits the attached schedules, typical bill impacts, and tariff sheet for its Infrastructure Investment Rider.

This update includes amendments approved as part of the Company's Base Distribution Rate Case (20-1651-EL-AIR), which was fully implemented on September 1, 2023. In addition, this update includes true-up adjustments related to the calculation of property taxes and the cost of existing assets from prior rate periods.

The attached proposed tariff sheet is intended to cancel and supersede all preceding sheets and bear an effective date of October 1, 2023.

Please contact me at [christopher.hollon@aes.com](mailto:christopher.hollon@aes.com) if you have any questions.

Respectfully submitted,
