*Re: In the Matter of the Application of Ohio Power
Company to Update Its Pilot Throughput Balancing
Adjustment Rider, Case No. 23-170-EL-RDR*

Dear Ms. Troupe:

Enclosed are Ohio Power Company's updated tariff for the Pilot Throughout Balancing Adjustment Rider. Per Staff's recommendation in this docket, the Company will work with Staff to move any remaining balances to a similarly structured non-bypassable rider, then make a filing with the Commission proposing the same. For now, this tariff is being adjusted to zero for CSP GS-1 customers as the class costs are projected to be substantially recovered at the end of September. The Company will also update this tariff in the TRF docket that was previously filed electronically with the Commission's Docketing Division.

Thank you for your attention to this matter.

Respectfully Submitted,
