SUBJECT: The Toledo Edison Company - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

Why should anyone respond or waste time attending these hearings? We just sustained a large increase in June. Historically, no comments or show of concern makes any difference. Even when we voted down a raise or to close Davis Bessy- all is ignored. We do not live in a democracy when it comes to public utilities.

This message and any response to it may constitute a public record and thus may be publicly available to anyone who requests it.
