To the Ohio Supreme Court and the Ohio power siting board,

On June 1st 2022 several residents and I attended the hearing in Columbus against the South Branch Solar project. We had already heard enough lies from Leeward and South Branch to decide this. However it was more evident the crookedness we saw that day. The witness Alex Odom for Leeward had never been to the proposed site, but was a expert witness. However 5 members of our group that traveled 2 hours away who have farmed/lived in this area most of our lives were not allowed to speak. Having our communities voices be blocked is upsetting. As a community we do not want the South Branch Solar project. I hope you the Supreme Court really reads between the lines on these public comments and see the truth our community has been telling and the lies from Leeward. Thank you for your time.

Rachelle Harmon
