**Case No. 23-1041-EL-ATA**

**Case No. 23-1042-EL-ATA**

**Case No. 23-1052-EL-ATA**

**Case No. 23-1031-EL-ATA**

## **Background**

On July 14, 2021, in accordance with applicable legislative directives, the Commission issued an Entry in Case No. 21-447-EL-UNC (Entry), establishing a rate mechanism for the retail recovery of costs related to the solar generation fund pursuant to R.C. 3706.46 for the period up to December 31, 2027. The residential monthly rates are not to exceed \$.10 and the per customer charge for industrial customers eligible to be self-assessing purchasers shall be equal to the nonresidential monthly charge and should not exceed \$242.00 per month.

In its Entry the Commission directed the Electric Distribution Companies (EDUs) to file proposed Solar Generation Fund Riders (Rider SGF) 45 days prior to the annual effective dates of Rider SGF, subject to review and approval by the Commission.

## **Staff Review and Recommendation**

Pursuant to the Commission's Entry, the EDUs filed their proposed Rider SGF tariffs. Staff has reviewed the proposed tariffs and finds that the Companies have included the appropriate rates for residential and non-residential customers.

The Rider SGF rate for all residential customers effective January 1, 2023, shall be \$0.10 per month. The rate for non-residential customers shall be \$0.000290516 per kWh for all kWhs up to 833,000 kwh per month per customer.

## **Conclusion**

The Staff recommends that the Commission approve the EDU's proposed Rider SGF tariffs to become effective on January 1, 2024.
