RE: *In the Matter of the Application of Aqua Ohio, Inc. to Increase its Rates and Charges for Its Waterworks Service in Case No. 22-1096-ST-AIR*

Dear Docketing Division:

On October 5, 2023, signatory parties filed a stipulation in the above captioned case number to resolve all outstanding issues in this case. The stipulation incorporated nine months of actual and three months of projected property valuation. A hearing was conducted in this case on October 16, 2023.

On November 9, 2023, Aqua Ohio, Inc. provided 12 months of actual plant valuation as of date certain according to R.C. 4909.191. Staff, through its external auditor Larkin & Associates, PLLC, verified the plant valuation. Staff recommends no rate change or charge adjustment is necessary at this time. Staff recommends that the Commission order the Company to file 12 month actual plant balances by detail FERC account in this docket pursuant to R.C. 4909.191 (B).

Thank you.
