

John McManus

Montgomery County Treasurer

January 24, 2024

Re: 23-0145-EL-BGN

Members of the Ohio Power Siting Board,

I write to you today with great enthusiasm and support for the Prairie Flyer Energy Storage Facility proposed by Jupiter Power in Vandalia, Ohio. I was delighted to learn that the property tax projections for this project estimate a remarkable \$20 million in revenue over the next 30 years. As the Montgomery County Treasurer, I recognize that this significant revenue stream, with 60 cents of every dollar directed toward our schools, will be a substantial boon to the Vandalia community and the school district.

I firmly believe that the Prairie Flyer Energy Storage Facility represents a crucial step toward a brighter future for our community. This project aligns perfectly with our vision of a thriving Vandalia where our schools and residents flourish.

I urge the Ohio Power Siting Board to provide their full support and approval for this project. It promises lasting economic benefits and educational opportunities for our community.

Thank you for your attention to this vital matter. We eagerly anticipate the successful development and operation of the Prairie Flyer Energy Storage Facility and the substantial contributions it will make to our community.

Sincerely,

John McManus

John McManus
Montgomery County Treasurer
