Enter your Comment or Complaint:	<p>I'm throwing my support behind this Oak Run Solar Project as someone who desires local economic development and jobs growth. Our community could use a bump in business, and this project will do just that. The shot in the arm to local businesses that we're looking at here is significant: over \$83.4 million expected in new local earnings during construction! And that's on top of the tax revenue that will come into the county. We're going to see good-paying blue-collar jobs from this project, from excavators and construction workers to electricians and linemen, enabling more spending in the community on food, retail, and more. That activity</p>

	keeps local folks working and earning money. We can't afford to let an opportunity like that get away from us. When you put up a sign that says closed for business and put a stop to new development, a community starts to stagnate and decline. This is a good project. I'd like to see the board approve it. Thank you.
