*Re: In the Matter of the Application of Ohio Power
Company to Update Its Pilot Throughput Balancing
Adjustment Rider, Case No. 23-170-EL-RDR*

Dear Ms. Troupe:

Enclosed are Ohio Power Company's updated tariff sheets for the Pilot Throughout Balancing Adjustment Rider. Per Staff's recommendation in this docket, the Company has been working with Staff and will make one final true-up filing in this docket to pass back any over collections over one billing month. The Company will then move any remaining balances to a similarly structured non-bypassable rider, then make a filing with the Commission proposing the same. Consistent with my January 29, 2024 letter in this docket, the final remaining rate is being zeroed out. The Company will also update this tariff in the TRF docket that was previously filed electronically with the Commission's Docketing Division.

Thank you for your attention to this matter.

Respectfully Submitted,

P.U.C.O. NO. 21
