**RE: Notice of Compliance with O.A.C 4906-6-11(C)
Case No. 23-0851-EL-BNR
E. Broad St. – Bexley 138 kV Transmission Line Cut-In Project**

Dear Ms. Troupe:

Ohio Power Company (the “Company”) hereby files notice of compliance with the notice requirements set forth in Rules 4906-6-11 of the Ohio Administrative Code (“O.A.C.”) for the above-referenced Project:

1. In accordance with O.A.C. 4906-6-11(C), on March 15, 2024, the Company shipped Notification Letters informing affected property owners of the start of construction via USPS First Class Mail. The letter met all the requirements of this rule.

If you have any questions, please do not hesitate to contact me.

Respectfully submitted,

/s/ Hector Garcia-Santana

RE: Start of Construction
E. Broad St. – Bexley 138 kV Transmission Line Cut-In Project, Case No. 23-0851-EL-BNR
Poth Extension East and West 138 kV Transmission Line Project, Case No. 23-0850-EL-BLN

Dear Neighbor,

You are receiving this letter because public records show you own property or live in the area where AEP Ohio representatives plan to upgrade the local electric transmission grid in Whitehall and Mifflin and Turo townships.

Company representatives received approval from the Ohio Power Siting Board for the following projects:

- **E. Broad St. – Bexley 138 kV Transmission Line Cut-In Project, Case No. 23-0851-EL-BNR.** This project involves removing 0.1 miles of power line and replacing two structures along the East Broad Street – Bexley 138-kilovolt (kV) transmission line.
- **Poth Extension East and West 138 kV Transmission Line Project, Case No. 23-0850-EL-BLN.** This project involves building two transmission line extensions, totaling 0.2 miles from the proposed Poth Station to the East Broad Street – Bexley 138-kV transmission line.

Company officials have complied with all preconstruction-related conditions of the filings. Construction begins soon, depending on weather and other factors.

You may see crews walking or using all-terrain vehicles to access the property during construction. Crews use existing roads or lanes whenever possible. If any damage results from the activities, AEP Ohio representatives can work with you to reimburse you or restore your property to its previous condition.

If you have any questions, please contact me at (380) 205-5314 or kmfoleykruse@aep.com.

Sincerely,

Kelly Foley Kruse
