| Enter your question or comment: | Why are you allowing four to five thousand acres of prime farmland to be eaten up by this worthless solar power crap in Madison County? County residents don't want it. Why do you feel you have the right to go against the residents wishes in this instance? This is a garbag dump waiting to happen. Give it ten years or less and it will be trash. Hell, put a small nuclear reactor in. Or use natural gas. Or coal. This and windmills are an an my nation on our land. Put this crap in the hills of southern Ohio where you aren't ruining |

prime farm land. I grew up within a mile of here. The Sawyer family ran a great productive farm on this site. Now you are vining the crops which is great for th environment and putting up solar panels that will alter the
