To Whom it may concern:

We have the opportunity to produce enough energy to power over 20,000 homes and when there is no cost to our residents of Clermont County, then it is a no-brainer to support the Clear Mountain Energy Center (23-0045-EL-BGN)!

This project has no cost to our residents and will provide energy for thousands of homes, enable Ohio to continue to be a leading producer in renewable energy, and ensure Clermont County residents benefit from long-term positive economic impact. As a resident of Williamsburg, I stand in support of the proposed project.
