Subject: Public comment for Samsung Solar Project Case number 23-0930-EL-BGN

Dear Members of the OPSB:

Please reject Samsung Solar Project Case Number 23-0930-EL-BGN. Our farmland is too valuable to be taken up by an ill-advised solar farm venture. Very little solar energy would be generated in central Ohio with so few sunny days. When land is at a premium, why not locate solar farms atop sites like industrial complexes, parking garages, even in the medium of interstates. Leave our agricultural lands to the purpose of feeding the human population which is growing exponentially!

Very opposed,
Kevin and Diane Crosthwaite,
Rural Union County Residents
