**Subject:** Richwood Solar Case #23-930-EL-BGN

DOCKETING DIVISION  
Public Utilities Commission of Ohio

I'm a landowner that my property backs up to this project. If you allow this to go through I can walk out my front door and get to look at the same thing. There is already 8,000 acres of solar already around us in Northern Union county. We as a community do not want this. I see there commercials stating that this will bring over 90 million dollars to Union County, I disagree. It will displace wildlife, break our tiles, flood our properties, the noise alone will drive you crazy. Please put yourself in our place and ask would you want this around you and your family? It has divided our community, which is a sad reality. Please I'm asking you to not allow this project to go through, it will be detrimental.
