Case #23-0931-EL-BGN Stark Solar, LLC

180 E. Broad St.

Columbus, OH 43215

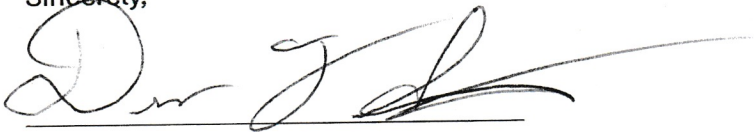

To Whom it may concern,

In due consideration of the Stark Solar LLC solar industrial facility proposed for Washington Township, Stark County, Ohio, we would submit the following comment:

The culture and historical nature of our township would be changed and/or altered from the quiet and peaceful agricultural community we live in to one with an industrial electrical power generating complex in its' center. Century old farmhouses with crop fields and orchards would be surrounded or bordered by solar fields.

For these and other reasons we respectfully oppose this solar development in our community.

Sincerely,

A handwritten signature in black ink, appearing to read "Drew Sims", with a long horizontal flourish extending to the right.
