Dear OPSB,

I am writing to express my strong opposition to the proposed Stark Solar Project in Washington Township. I believe that the specific location chosen for this project is highly problematic and not in the best interest of our community.

The designated area for the Stark Solar Project is predominantly composed of valuable wetlands and productive agricultural land.

Additionally, the agricultural land in question is a vital resource for our community. Re-purposing this land for industrial use could have detrimental effects on our local economy and food security.

I urge you to reconsider the location of the Stark Solar Project and explore alternative sites that do not compromise our wetlands and agricultural heritage.

Sincerely,

*Anolisa R. Mudo*  
*Washington Twp.*
