

Please document this as my local opposition of the proposed solar farm in Washington Township.

As of the present date, the local opposition stands as a unified force. It is evident that this situation has significantly disrupted the lives of numerous township residents, causing many sleepless nights over the course of several months.

The opposition is not only prevalent among residents but also among the Washington Township trustees, additionally 14 out of 17 townships in Stark County have implemented bans on ongoing projects in alignment with Senate Bill 52. Furthermore, our county commissioners have unanimously passed a resolution in opposition to the project.

I implore you to reject this project to restore normalcy to the lives of these residents.

thank you!

Sincerely,  
Jerry L. Kisko
