RECEIVED-DOCKETING DIV

2024 JUL 30 PM 4:34

To the members of the Ohio Power Siting Board,

I want to express my staunch support for the proposed Stark Solar project (Case #23-0931-EL-BGN) in Stark County, Ohio. This project holds enormous promise for our beloved state, embodying a pivotal stride towards fortifying our energy independence and sustainability.

Utility-scale solar projects like Stark Solar present many advantages. The Stark Solar Project will bolster domestic energy production, create jobs, preserve farmland, and create new streams of revenue for funding of local schools and services.

Stark Solar is a win-win for the Buckeye State. Please support this transformative project.

Sincerely,

Denise Merrell
