Re: Case Nos. 93-1767-TP-PEX, 93-2049-TP-PEX

Dear Ms. Buzard:

GTE North reports that the in-service date for the institution of one-way measured-rate EAS from Ameritech's Hillsboro exchange on the one hand, to the Sinking Spring and Leesburg exchanges of GTE on the other hand, is August 3, 1995. Measured-rate EAS currently exists to Hillsboro from both GTE exchanges.

Sincerely,

for Patricia Cook

John W. Kennedy
State Director-External Affairs

**Re: Case Nos. 94-1307-TP-PEX
94-1308-TP-PEX**

Dear Ms. Buzard:

Enclosed please find the Response of Complainants in the
above-mentioned EAS cases for filing.

Thank you for your attention to this matter.

Sincerely,

Jay Wamsley
Attorney-at-Law

Enc. As stated above

BEFORE
THE PUBLIC UTILITIES COMMISSION OF OHIO

In The Matter of the Petition of
Jay and Donna Wamsley, Spokespersons
et. al., and Rick D. Rolston,
Spokesperson et. al.,

Complainants

vs.

GTE North Incorporated

Respondent

Case No. 94-1307-TP-PEX
94-1308-TP-PEX

**RESPONSE TO GTE'S
INVESTMENT, COSTS AND REVENUE IMPACT**

Jay Wamsley, on behalf of Complainants in the above-styled cases, hereby responds to GTE's cost and revenue figures filed June 28, 1995.

Complainants do not feel a further hearing is necessary based on GTE's figures. As shown by GTE's Attachment 7, GTE would incur no investment costs and only \$2,540 in annual charges if measured rate EAS was implemented in all of the exchanges. As shown by GTE's Attachment 13, the total annual impact to GTE would be only \$10,763.

It is worth noting that the impact to GTE to extend the service between New Marshfield and Shade, those exchanges GTE has most strongly opposed would be \$150 in annual charges and a total annual revenue impact of \$1146.

Those figures, when contrasted with the very real financial hardships expressed by the 59 people who spoke at the public hearing, clearly demonstrate that change is warranted.

Based on all of the information provided, the complainants continue to believe that sufficient community of interest has been demonstrated to justify flat rate EAS. However, if the

Pg. 2

Commission feels flat rate service cannot be ordered, certainly measured rate EAS in all of the exchanges is appropriate.

Complainants see no need for any further hearings and hope the Commission will order EAS as soon as possible.

Respectfully submitted,

JAY WAMSLEY #0022612
Attorney-at-Law

CERTIFICATE OF SERVICE

I hereby certify that a copy of the foregoing **Response....** has been served upon Joseph Stewart, Counsel for GTE, 100 Executive Drive, Marion, Ohio 43302 and Daniel E. Fullin, Attorney Examiner, PUCO, 180 East Broad Street, Columbus, Ohio 43266 by regular U.S. Mail this 11th day of July, 1995.
