Re-establishment of Suspended Service *

Re-establishment of service previously suspended as a result of non-payment.

(a)	When disconnected at the Main Frame (Applicable components of Service Connection: b and c2 above)	\$26.30	(Z)
(b)	When disconnected at the Subscriber Terminal (Applicable components of Service Connection: b and c1 above).	\$35.90	(Z)

* The applicable charge applies when local exchange service is re-established and when toll service is re-established at different times. If, however, local and toll service are re-established simultaneously, the customer will be charged a single re-establishment charge of \$26.30.

Premise Visit Charge

Traveling to the customer's premises to identify service interruption.

(a)	Company Equipment	No Charge
(b)	Customer Equipment**	T&M

EXHIBIT C

The applicant, Wabash Mutual Telephone Company, hereby 1) clarifies the circumstances under which charges apply for re-establishment of service suspended for nonpayment and 2) corrects two typographical errors.

Customers will be charged either \$26.30 or \$35.90 (depending on how service is disconnected) upon the re-establishment of both local exchange service and toll service if such services are re-established at different points in time. If, however, the customer re-establishes both services simultaneously, the customer will be charged a single re-establishment charge of \$26.30.

Secondly, the Applicant corrects the amounts set forth in the tariff for re-establishment of service. As the tariff indicates, the charge for re-establishment of service after service has been disconnected at the Main Frame should be Service Connection components "b and c 2" of Section 2, Sheet 4. The sum of "b and c 2" is \$26.30, not \$24.55. Similarly, the charge for re-establishment of service after service has been disconnected at the Subscriber Terminal is the sum of Service Connection components "b and c 1", which is \$35.90, not \$34.15. The superseded amounts in the "Charge" column were typographical errors, which do not reflect the formula used to calculate the charges.
