RE: Case Number 96-899-TP-ALT  
Case Number 90-5013-TP-TRF

Dear Ms. Crockron:

Attached is Cincinnati Bell Telephone's (CBT's) tariff filing to revise the **General Exchange Tariff PUCO No. 8**. The revisions included in this filing entail **changing the rates associated with two of the options in the LAN Advantage tariff**. The rates for additional ports associated with the 10 MBPS Ethernet LAN option will be increased and the rates for the initial port associated with the 100 MBPS Ethernet LAN option will be decreased.

A letter notifying current LAN Advantage customers of the rate increase was distributed to customers. A draft of this letter was submitted to the Public Utilities Commission on May 16, 2001.

Pursuant to Section VI.F.7. of CBT's Commitment 2000 Plan, Case No. 96-899-TP-ALT, this filing is scheduled to become effective at the time that CBT publicly files the rate changes. Attached is the tariff page bearing the 96-899-TP-ALT case number in order to implement the rate changes. All of the terms necessary to change rates on existing services as detailed in 96-899-TP-ALT have been met.

In accordance with Case No. 90-5013-TP-TRF and Case No. 96-899-TP-ALT, CBT is forwarding for filing ten copies of the tariff pages indicated below, bearing issue and effective dates of June 4, 2001.
